

PLOTTERS ARE GRANTED BAIL; TO BE FREED

ADRIANOPLE FALLS, IS REPORT

Besiegers Are Said to Have Captured Great Turkish Fortress

Greeks Capture 2000 of the Sultan's Men on Island of Chios

PARIS, Jan. 3.—A rumor that the Turkish fortress of Adrianople has fallen into the hands of the besiegers was current on the Boues here today.

DESPERATE SITUATION.

LONDON, Jan. 3.—Advices received by the Serbian peace delegation today indicated that the condition of Adrianople was desperate and that its capitulation was perhaps only a question of hours.

TURKS SURRENDER.

ATHENS, Jan. 3.—The Turkish garrison of the island of Chios, numbering 2000 men of all arms, surrendered unconditionally today to the Greek troops.

VESSEL BLOWN UP.

SMYRNA, Asiatic Turkey, Jan. 3.—The Turkish sailing vessel Theodoros, of 850 tons, was blown up today by coming in contact with a floating mine at the entrance to Smyrna bay.

TO LAND TROOPS IN ALBANIA.

VIENNA, Austria, Jan. 3.—Austria-Hungary and Italy are making preparations to land a joint expeditionary force in Albania immediately after the conclusion of the London conference, according to the Wiener Journal today. This step, it is said, is to be taken in order to pacify Albania and "establish a new condition of affairs" there.

TURKS MUST ANSWER.

LONDON, Jan. 3.—The Balkan peace envoys have decided, it was declared this morning, to put the direct question to the Turkish delegation to-night whether the government is prepared to cede the fortress of Adrianople forthwith.

Unless the Turks give a favorable answer within twenty-four hours the conference will be suspended. No other question will be considered by the allies until this point has been settled.

COAL EXPORT STOPPED.

SOFIA, Jan. 3.—The Roumanian government has ordered the prohibition of the export of coal from Roumania to Bulgaria.

PREPARE FOR CONFLICT.

RUGAREST, Roumania, Jan. 3.—Bandages and other requisites for first

LIVES LOST IN GREAT STORM

South Atlantic Coast, Northwest and Middle West States Swept

Shipping Damaged and Fear Is Felt for Torpedo Boats of U. S. Fleet

WASHINGTON, Jan. 3.—The South Atlantic coast states are in the grip today of a terrific wind and rain storm, which worked havoc with shipping and cut off the cities of Norfolk and Newport News. All land wires leading out of the cities were destroyed.

Before the last wire went down a telegraph operator in Newport News remarked that the gale was so terrific that the waters of the James river were surging up into the lower parts of the city with the violence of a small tidal wave.

The navy wireless sparked out unanswered calls to the ships of the Atlantic fleet gathering in Hampton Roads. Great anxiety was felt for the safety of torpedo boats in the narrow seaway.

Incomplete reports coming in while the storm was at its height were that many small craft had been sunk. The loss of life, if any, is not known.

In this city the gale whipped down signs and trees. Telegraph and telephone wires were demoralized as far south as Atlanta.

THREE VIOLENT STORMS.

NEW YORK, Jan. 3.—Three storms of extraordinary violence, occurring simultaneously in widely separated sections of the country were reported by the telegraph companies here today.

The first raged south of Washing-

OIL KING IS ARTFUL DODGER

Wm. Rockefeller Still Counted Among Missing, Though Seen by Many

Despite Reports of Departure He Is Believed to Be in New York Home

NEW YORK, Jan. 3.—Notwithstanding reports from Brunswick, Ga., that William Rockefeller, whose testimony is sought by the Pujo committee, had sailed from Jekyll Island Tuesday on a specially chartered steamer for a secret destination, the coroner of process servers around his Fifth-avenue mansion did not relax vigilance today.

Charles F. Riddell, sergeant-at-arms of the House of Representatives, his deputies and private detectives to the number of 40, are investigating the report of Rockefeller's sailing; but in the meantime they are hopeful that they have the oil-millionaire bottled up in his home here.

"Preliminary investigation of the report that Rockefeller has been at Jekyll Island has begun," Riddell said. "A man has been sent there, but has not been heard from. I still think, however, that Mr. Rockefeller is here and I shall keep my men around his home until I learn positively that he is not."

WILL NOT FOLLOW.

"If he has sailed to Bermuda, as reported, he is out of our jurisdiction, of course, and I will not attempt to follow him there."

"I thought a day or so ago that the presence of so many men outside his home and the wide publicity given our attempts to subpoena him would

DEL FUNGO GIERA EXECUTED IN MEXICO FOR HIGH TREASON

EVENTFUL CAREER IS ENDED

Man, Once in Trouble in This City, Meets Death as Friend of Diaz

Luck Deserts German When Bride Returns to Family of Nobility

SAN FRANCISCO, Jan. 3.—P. L. E. Del Fungo Giera, friend and co-conspirator with Felix Diaz, came to the end of an eventful career with his back to the wall and blindfolded, when he was executed for high treason in the City of Mexico on the 23d of December.

This information, which reached here yesterday in a private letter, caused no little surprise among the people of Marin county. Oakland and also San Francisco, who remembered the exploits of P. L. E. del Fungo Giera during the ten years that he made his home here, and who believe that it is the same soldier of fortune who has now been shot at the order of President Madero.

If the identification is complete the court-martial of Mexico has been more harsh in its condemnation than the Superior court in and for the city and county of San Francisco. In one of the departments of which tribunal P. L. E. del Fungo Giera was at one time executed on the plea that the securing of real estate on misrepresentations did not constitute grand larceny.

ARRIVES IN SAN FRANCISCO.

Del Fungo Giera came to San Francisco from Germany twelve years ago, bringing with him a bride, the daughter of a German noble family. His first enterprise appears to have been legitimate enough, as it is reported that he made quite a little fortune in operating a tannery at Benicia. However, he sold the tannery and invested the profits in San Francisco just in time to be caught in the great fire of 1906, in which his fortune disappeared. He then shifted the scene of his operations to Marin, Sonoma and Lake counties, and those who remember his transactions at that time

Maniacs Attack Crowd With Irons; 1 Killed, 9 Hurt

ELVAS, Portugal, Jan. 3.—One person was killed and nine others seriously injured this morning by a group of five maniacs, who had been released by firemen from a burning asylum in the outskirts of this city. Thirty-five lunatics were set free.

Smugglers Kill 9 Herdsmen; Rob Cattlemen of \$90,000

VALENCA-DO-MINHO, Portugal was passing close to the border between Portugal and Spain, he was on the Portuguese-Spanish frontier carried off \$90,000 in cash today after a fierce battle with a cattle raiser and 40 of his herdsmen, in the course of which nine of the cowboys were killed and 14 severely wounded. Jose Murtillhas, one of the best known cattle breeders in the province of Minho, had disposed of three herds of bulls at various fairs and started for home with the Portuguese capital of \$220,000 in bank notes and cash with him. He was guarded by 40 of his herdsmen. Early this morning, while he found

\$10,000 FOR EACH YEAR IS SET

Attorneys Succeed in Suspending Sentences of Conspirators; Pending Appeal

'We'll Bail Clancy and Tweit-moe if It Costs Million!' Declares McCarthy

CHICAGO, Jan. 3.—A writ of supersedeas, staying execution of the sentences imposed upon the dynamite conspirators recently convicted at Indianapolis, was issued by the Circuit Court of Appeals here today. Bail was based on the number of years which the prisoners have been sentenced to serve -- \$10,000 for each year.

Thus Ryan's bail was fixed at \$70,000 or \$10,000 for each year of the seven years of his sentence. Those who received sentences of six years must furnish \$60,000, four years, \$40,000, and so on down to \$10,000 for the one-year sentences.

The defense lawyers stated that money enough to admit all to bail would be forthcoming.

TO PASS ON BONDS.

Judge Baker, who delivered the opinion of the court, stated that Judge Anderson, before whom the alleged conspirators were tried, would be authorized to pass on any bonds offered.

The judge said that in cases like that at Indianapolis, writs of supersedeas have been applied for before sentence has been executed. It is not usual to expedite the carrying out of the sentence, but to await action by the Court of Appeals.

In fixing the amount of bail, the judges were impressed by the fact that the offenses charged against the defendants are not extraditable. For this reason bail was fixed at amounts which the court said would make it of interest to the sureties to see that the defendants did not leave the jurisdiction of the court.

JUDGE BAKER GIVES REASONS.

Judge Baker said in granting the petition for supersedeas:

"When the questions raised in the petition for supersedeas are not frivolous and are prosecuted in good faith and not for the obvious purpose of delay, then the writ should be granted. We deem this a fitting opportunity to express the view that when a judgment of imprisonment has been rendered and the defendants have applied for a writ of supersedeas the representative of the government should not demand an execution of the sentence until the question of granting the supersedeas has been finally passed upon."

"It seems to us that these cases come within the ordinary practice of admitting convicted persons to bail pending the settlement of the appeal. The fact that the offenses of which these defendants have been convicted are not extraditable must be considered and the bonds should be sufficiently high to insure the presence of the defendants in court in the event the upper tribunal affirms the decision of the District Court."

Judge Baker's remarks were not formally prepared and were delivered orally. Sixty days were given to perfect the record and file the appeal. The convicted leaders of the Iron workers through their counsel, E. N.

W. M. ROCKEFELLER IS STILL MISSING

Despite Reported Departure, Thought to Be in New York Home.

(Continued From Page 1)

threw him into surrendering. I really think so now."

SEEN ON JEKYLL ISLAND.

BIRMINGHAM, Ga., Jan. 3.—Efforts today to get further information of the name and whereabouts of the mysterious yacht reported to have carried William Rockefeller and his family out to sea brought little satisfaction. It was stated positively by several residents on Jeekyll Island, where the Rockefeller family have a winter home, that the New York millionaire had been there for a week or more in seclusion.

The yacht of C. K. G. Billings, a millionaire horseman, was lying off the island the early part of the week and has disappeared. It is reported that Rockefeller left on this yacht, bound for Bermuda or Florida waters.

PUGH CALLS MEETING.

WASHINGTON, Jan. 3.—Confronted by the report that William Rockefeller, sought since last June as a witness in the House money trust inquiry, has left the country, Chairman Pugh has called the investigation committee to meet tomorrow to plan ways to capture the elusive millionaire.

The result may be a certification of the facts to the House and a request that a peremptory attachment be issued by resolution charging the oil magnate with contempt. Such an attachment would give the sergeant-at-arms of the House authority to forcibly seize the person of Rockefeller and bring him to Washington. Information received at the capitol for the last week has Rockefeller all over the eastern United States and far out on the Atlantic. Amateur detectives have located the missing millionaire in a score of towns.

NOT AT BERLUDA.

HAMILTON, Bermuda, Jan. 3.—Neither William Rockefeller nor the yacht Vanadis, on which he was reported to have sailed, has arrived in Bermuda.

Policeman Wounded In Battle With Rooster

LOS ANGELES, Jan. 3.—Crawford D. Huling, a patrolman of the Los Angeles police department, suffered today from 20 wounds in his left leg, which he sustained in a battle with a rooster, which so thoroughly whipped the patrolman that it became necessary for the owner of the game cock to come to his assistance. Apparently nursing a grudge, the infuriated bird, which had before suffered ejection from a sidewalk at the hands of the patrolman, did not wait for Huling to take the initiative when he approached. The bird attacked the officer viciously, ripping his clothing and sinking its long spurs into the flesh. The officer was unable to protect himself against the onslaughts of the rooster.

DOWNTOWN MARKET MEN OPPOSE EARLY CLOSING

Leading Dealers Would Keep Shops Open Until 10 p. m. Saturday

A new schedule of hours proposed by the Butchers' Exchange, an employees' organization, and the Butchers' Union, which is scheduled to go into effect tomorrow evening, is opposed by five prominent downtown market proprietors, and a counter proposal will be presented by them to the union butchers at a meeting to be held tonight.

The large market concerns in the center of the city desire to continue to keep their shops open Saturday evenings until 10 o'clock, while the union men and proprietors of the smaller shops propose closing at 8 p. m. on that night.

Two prominent market owners declared this morning that if all the large retail stores would close at the early hour the downtown butchers would agree to do the same.

There has been no stand over since the matter came up six or seven months ago, added one of the proprietors. "The Chamber of Commerce and the retail merchants objected to the Saturday night early closing plan when it was first taken up. The request that the closing be made general met with strenuous opposition, which was partly of a nature." The scheme was decided to be opposed to the best interests of the city.

"It is not a question of shorter hours or wages, as we are offering fewer hours than are asked. It is a matter of less work in the morning on Saturday and

TO PRESENT AGREEMENT.

The downtown market men expect an answer from the union this evening regarding their proposal of a nine-hour working day. Particular objection is made to a clause in the union agreement making it possible to change the Saturday closing hour to 5 p. m. later on, if desired by the union and Butchers' Exchange.

The agreement to be presented tonight follows:

Oakland, Cal., Jan. 3, 1913. Butchers' Union No. 120, Oakland, Cal. Gentlemen: We, the undersigned market proprietors, after thoroughly considering the new agreement, desire to propose to you the following changes of working hours to govern our markets:

We propose that 9 actual hours constitute a day's work instead of 10 on week days, the hours to be from 8 a. m. to 6 p. m. for retail men. Men working in wholesale or jobbing apartments, if they start at 7 a. m., will quit at 5 p. m. On Saturdays or days preceding holidays men in the retail departments shall begin work at 8 a. m. and will quit at 6 p. m., with one hour off for dinner and one hour off for supper.

The closing hours of markets shall remain as they are, 6 o'clock week days and 10 o'clock on Saturdays. We further agree and pledge ourselves to close at any earlier hour that may be agreed to by the merchants generally in the downtown district. On the above conditions we will sign an agreement to remain in effect without change for one year. If this proposition is adopted by the union it will show a shortening of 5 hours per week in the working time of the men.

Since the question of wages is not an issue at this time we believe our proposition will appear to you as being fair and just, and we therefore ask the earnest consideration of your union in this matter which is most important to us.

Respectfully submitted,

LESSELL BROS.,
Washington Market.

'PHONE COMPANY'S DEMURRER UPHOLD

Superior Judge Waste Gives First Victory to the Corporation.

Superior Judge W. H. Waste today sustained the demurrers of the Pacific States Telephone and Telegraph Company and the Home Telephone Company to a suit brought by the City of Berkeley in an attempt to dissolve a merger effected between the two corporations some time ago. Ten days were given City Attorney Redmond C. Staats of Berkeley in which to amend the complaints, but the court gave as its opinion that further amendment would probably not result in more favorable decision to the municipality.

Judge Waste based his decision on the findings of Superior Judge John T. Ellison, who sat in the case brought against the telephone companies by the City of San Francisco. In Judge Ellison's decision the merger was upheld.

That the penalties provided in the Berkeley charter for failure of the Home Telephone Company to carry out its contract with the city were not constitutional and for that reason could not be enforced, was the opinion of Judge Waste in sustaining the demurrer.

The City of Berkeley, in its suit, contended that the telephone company had not complied its contract to allow the municipality to string its fire and police telegraph wires on its poles as part remuneration for the franchise.

As the matter now stands, first victory in the contest is with the telephone company.

HABEAS CORPUS WRIT GRANTED BY CASTRO

NEW YORK, Jan. 3.—Application for a writ of habeas corpus for the release of Cipriano Castro from Ellis Island was made in the federal court here this afternoon. The application was made by George Gordon Battle.

The writ was granted on Battle's contention that Castro was being held "without any authority of law" and that he had been denied the right to consult with counsel while detained.

DEL FUNGO GIERA KILLED IN MEXICO

One-time Oaklander Reported Executed for High Treason.

(Continued From Page 1)

believe he accumulated another fortune, which was estimated at something like \$250,000.

It was in December of 1910 that he was arrested on the charge of obtaining land on false pretenses from Harold S. Anderson, the false pretenses being a bundle of wildcat stocks. That was the occasion when the court discovered that real estate was not a subject for larceny.

In February of 1911 Del Fungo Giera was arrested in Oakland on the charge of obtaining money under false pretenses from Mrs. Georgiana de Rohan Baroldis of Berkeley. Again an irregularity was discovered in the court proceedings.

IN TROUBLE IN OAKLAND.

Then there was a similar complaint filed by Mrs. Marie Anderson in the San Francisco police court, with the same charge of an undue regard for the laws of means and ends. And in May following there was still another charge in open court, this time brought by J. D. Rice of Oakland, who complained that Del Fungo Giera had "obtained property fraudulently" from him, but he escaped indictment.

It was about a year ago that Mrs. del Fungo Giera left her husband and returned to the home of her noble parents in Germany. With her departed the luck of this soldier of fortune. Shortly afterward he left for Mexico, where he enlisted in the army of President Madero and was at once made a Colonel. He served in a number of engagements and was twice complimented by President Madero for his bravery.

But all the time he was deep in the plots of Felix Diaz, whom he first met in the service. The two became great friends and as the Diaz rebellion plans advanced Del Fungo Giera became the chief adviser of young Diaz. If their conspiring had succeeded Del Fungo Giera would have entered the city of Mexico with better prospects than he did when brought to trial after the capture of Vera Cruz by the forces of Madero.

DISCUSS STATE OF REVOLUTION

Minister for Foreign Affairs for Mexico Confers With Secretary Knox.

WASHINGTON, Jan. 3.—Pedro Lascurain, Minister for Foreign Affairs for Mexico, talked with Secretary Knox at length today over the state of the revolution and the Madero government's guarantees to protect American lives and property.

Senator Lascurain presented to Secretary Knox many letters and documents from persons having large interests in Mexico, attesting the efforts of the Madero government to suppress the revolution and protect lives and property. He also held advice from his government to show that federal troops were being increased in the danger zone, and that an extensive campaign against the rebel bands was begun.

HELD TO ANSWER.

Robert T. Cates, who stabbed Edward Gallagher, a brother of Police Inspector Thomas Gallagher, was held to answer before Judge George Samuels this morning on a charge of assault with a deadly weapon with intent to commit murder. Ball was fixed in the sum of \$5000 for his appearance before the Superior Court for trial.

PLANING MILL AND BOX CARS BURNED

Damage Estimated at \$7500 Done in the Western Pacific Yards.

Fire destroyed a large planing mill and two box cars in the yards of the Western Pacific railroad at First and Adeline streets at an early hour this morning. Damage is estimated at about \$7500.

The fire was discovered about 1:50 by Patrolman J. Wallman, who sent in the alarm. At that time the fire had been burning for some time, but no alarm had been sent in from the railroad yards.

When the fire department arrived the flames had gained great headway, and it was impossible to save the building. The fire department worked to prevent the fire spreading to adjoining structures, and succeeded in confining the flames to the planing mill and two box cars.

The planing mill was a building about 100 by 100 feet, and was of wooden framework and corrugated iron. It was totally destroyed.

U. S. SWEEP BY THREE STORMS

Lives Lost, Shipping Damaged and Cities Suffer in High Winds.

(Continued From Page 1)

ton. For a time there was but one wire working between Washington and Atlanta. Shortly before noon there was not a wire working south of Atlanta.

Next in violence was a windstorm in the Middle West which leveled scores of wires between here and Chicago. At one time during the forenoon there were but five wires working between the two cities.

The third storm area was in the states of Washington and Oregon. Hundreds of wires had been prostrated by the heavy blow there, the telegraph companies said.

MANY LOST AT SEA.

NORFOLK, Va., Jan. 3.—A sixty-mile gale with heavy rain whipped the Atlantic coast here today with terrific violence, demolishing shipping. Several small craft were sunk with loss of life.

The terrific gale swept the waters of the James river up into the lower portions of the city of Newport News, inundating streets, warehouses and driving the people to the elevations. Ferry service across the river to Newport News was impossible and the city was cut off from all communication.

DAMAGE AT RICHMOND.

RICHMOND, Va., Jan. 3.—Richmond was storm-swept today by the gale prevailing along the coast line. Much damage was done to property.

KILLED BY LANDSLIDE.

SEATTLE, Jan. 3.—The first death from the flood in Seattle occurred today when a house situated on the hillside in West Seattle fell completely away by a landslide, killing John Larson. Three men who were asleep in the house with Larson were severely bruised. The slide started several hundred feet further back on the hill. The house with the four men lodged against another occupied by C. V. Kallinowski and wife and imprisoned them for an hour. Rain continues throughout Western Washington and in the mountains, melting the great mass of snow that fell recently. Unless there is a change to cold weather soon there will inevitably be slides in the higher altitudes and floods and washouts in the lowlands that will do up railway traffic. All trains arriving here are late.

SNOWSLIDE HITS TRAIN.

ELLENBURG, Wash., Jan. 3.—A snowslide shortly after midnight struck the Northern Pacific passenger train No. 258, just west of Loster. The sleeping passengers rushed from the cars in their night clothes. A mass of rock, bushes and ice slipped down the mountain and across the tracks under the sleeping cars. The train was not derailed, but arrived here three hours late.

STEAMER DRIVEN ASHORE.

SEATTLE, Jan. 3.—The 293-ton steamer Bertha was driven ashore yesterday during a violent storm at Safety Cove, near Ketchikan, Alaska. Its position was dangerous and it is expected that it soon will be floated. The harbor steamship New England is standing by. The Bertha is owned by the Alaska Coast Company.

aid in the dressing of wounds were served out to the soldiers of the Roumanian army yesterday.

FERDINAND MAKES THREAT.

SOFIA, Jan. 3.—King Ferdinand of Bulgaria, in an address today, made some significant remarks on the situation which are regarded as a threat that war may be resumed. After expressing the hope that an agreement might still be reached by the peace conference, he said:

"If it is the will of God we will not hesitate with a new recourse to arms to compel the enemy to give satisfaction for all our precious sacrifices."

CONFERENCE RESUMED.

LONDON, Jan. 3.—The ninth session of the peace conference was opened in St. James' palace at 6 o'clock this evening. The proceedings were presided over by former Premier Lazarus Milyukovich, the head of the Montenegrin delegation. Stojan Novakovich, the leader of the Serbian delegation, said this morning he was sure the allies would ultimately carry their point.

"Turkey," he added, "probably will continue to resist giving up Adrianople, but facts will soon be stronger than theories, and she will be compelled to give way. Fugitives from the besieged city, as well as information obtained from Turkish and British sources in Constantinople, indicate that the condition of the beleaguered fortress is an untenable one, and that its capitulation is merely a question of days and perhaps hours. Once

BOEGLE QUILTS HIS MISSION IN RUSH

Objects to Shaking Hands With Gasoline When Fire Is Near.

Fred Boegle Jr., secretary of the Manufacturers' Committee, is an enterprising young man. He is continually out looking for new members and pumping the hands of old ones. Yesterday he sauntered into the office of the Oakland Furnace Company, 534 Thirteenth street, to meet A. E. Hall. He found Hall busily cramming all his books and papers into the office safe.

"How do you do, Mr. Hall," said Boegle. "I have often talked to you over the telephone, but this is the first opportunity I have had of getting around to see you."

"Well," said Hall, "you have to excuse me, for I am just a little bit nervous. You are standing right over a 50-gallon can of gasoline and my basement is on fire."

Boegle stared at him a moment and then rushed into the street. Outside he found a crowd gathering and the fire engines quickly coupling on the near-by hydrants. A stream of smoke was pouring from the cellar grating. Said Boegle: "This is no place for me."

Then he fled.

Adrianople has fallen into the possession of the allies and its garrison has become prisoners of the besiegers, the problem will solve itself."

Representatives of the Albanian provisional government sent to the British foreign office this morning a map on which the future frontiers of Albania, as desired by them, were marked. If accepted this would deprive Greece, Serbia and Montenegro of half of the territories they have conquered since the beginning of hostilities.

DON'T BE BALD

Almost Any One May Secure a Splendid Growth of Hair.

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and \$1. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Rexall Remedies only at The Owl Drug stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

BAIL IS SECURED FOR CONSPIRATORS

Convicted Plotters Will Be Freed From Prison, Pending Appeal.

(Continued From Page 1)

Zollne and B. H. O'Donnell of Chicago, Milton Harding of Indianapolis and Chester H. Krum of St. Louis, appeared in court to argue for a writ of supersedeas to stay execution of the sentence inflicted by the United States District Court and for the admission of bail. The prisoners demanded further action by the Court of Appeals.

ARGUE FOR PRISONERS.

Attorney Zollne presented the petition in behalf of the convicted prisoners and argued in support of it. He did not mean to say that the prisoners were innocent, but that they were entitled to a writ of supersedeas to stay execution of the sentence inflicted by the United States District Court and for the admission of bail. The prisoners demanded further action by the Court of Appeals.

"Do you mean to tell me that a writ of supersedeas should be issued as a matter of right?" inquired Judge Baker.

"That is my understanding," replied Zollne, who then began quoting Supreme Court decisions which he said bore on the point.

Judge Baker stated that the point of the writ of error was not well taken, and that there was no occasion for the Court of Appeals to supervise in any case unless it is shown that the procedure of the lower court was questionable at law.

BRANDS EVIDENCE VAGUE.

Replying to this, Zollne declared that the evidence on which convictions were secured at Indianapolis was "vague and inadequate," and that the Judge of the lower court should not have allowed the cases of many of the defendants to go to the jury at all.

Krum argued that there was no evidence against at Indianapolis to show that the defendants conspired to carry dynamite on passenger trains.

"If dynamite had been carried from Detroit to Tiffin, O., by automobile, there would have been no offense and consequently there could have been no charge of conspiracy," said the lawyer. He said that the statutes denounce the carrying of dynamite on an individual occasion, and that when the parties combine to commit that one act the conspiracy is complete.

CONTINUOUS CONSPIRACY.

"This case," he continued, "was tried on the theory that the conspiracy could be continuous." Zollne said that the conspiracy was in error. Krum said, when he allowed the jury to consider the purposes which led to the transportation of the explosive. Purposes and results, he insisted, were matters for the state courts exclusively.

United States District Attorney Miller of Indianapolis, representing the government, appeared next, in opposition to the application for a writ.

Miller characterized the sentences imposed upon the defendants as "merciful." When he had finished Krum again addressed the court, stating that the men now in prison did not seek to appeal their cases. He did not name them.

TO BREAK NEWS.

LEAVENWORTH, Kan., Jan. 3.—When news was received this afternoon by Western Union of the granting of a writ of supersedeas, he ordered that the 33 men serving sentences as dynamite conspirators be called into the office of the federal prison at 4 o'clock to be instructed in the rules of the prison.

"At that time," said the warden, "I shall communicate the telegraphic news of the court's action as coming from the Associated Press. It cannot be communicated to them officially until it has reached me in official form."

TO SPEND MILLION.

SAN FRANCISCO, Jan. 3.—"We will bail Clancy and Twelvetime out if it costs a million dollars," said F. H. McCarthy, former Mayor of San Francisco and president of the Building Trades Council of California, today, when informed that writs of supersedeas had been granted in the cases of the men convicted at Indianapolis of the dynamite conspiracy.

"I am money with which to bail these men out available," McCarthy was asked. "It is available," was the reply, "and will be immediately supplied. We will institute proceedings at once to have these men liberated and returned to their families and homes where they belong. We can raise a million or more, I repeat. I am delighted to hear this news."

UNABLE TO AID.

WASHINGTON, Jan. 3.—Samuel Gompers, president of the American Federation of Labor, when asked this afternoon whether the federation would furnish bail for the release of the men convicted of conspiracy in the dynamite cases, said: "Neither our men nor the federation has any means."

SPECIAL REVIVAL SERVICES.

Special revival services are being conducted by Rev. William B. Tucker and others at 386 Ninth street.

CHARTER COMMITTEE TO MAKE LEGISLATIVE MOVE

Tentative Act Allowing Changes of Government Discussed at Meeting

The appointment of sub-committees on public utility, finance, and on drawing up a tentative act to be submitted to this session of the state legislature, allowing changes in county government, should the people so decide in the next two years, was the principal business taken up last night at the first meeting of the charter committee of the Alameda County Tax Association. President Mark L. Requa, of the association, was named permanent chairman of the committee, and L. Casey, secretary.

The object of the committee was set forth in a resolution offered by Professor Carl Plahn of the University of California, who designated it as being "for the purpose of securing a better adjustment of the organization of the government of Alameda county." That this did not mean consolidation was insisted upon by Professor Thomas H. Reed, and some debate arose as to whether the plans of the association could in any way be construed as consolidation or annexation.

STUMBLING BLOCK.

President Mark L. Requa stated that the consolidation matter had proved a stumbling block to him in speaking in Berkeley or Alameda on the Tax Association and its plans. He urged that every effort be made to avoid these terms, and to have it understood that consolidation of the cities is not the plan advanced by the association.

Professor Reed insisted on the same understanding stating that, as a citizen of Berkeley, he would oppose any measure that favored of consolidation of cities, as the term is customarily used. It was then that Professor Plahn offered the resolution, definitely stating as the aims of the association a better organization of the county government.

NO PLANS YET.

Professor Plahn and Reed argued at some length as to plans for such an organization, other members of the committee joining in and it was agreed that at this stage of the proceedings nothing can be decided on. As Professor Plahn put it, "None of us know where we are at yet."

President Requa suggested that an enabling act of some kind be offered at this session of the legislature, in order to permit the changes projected, should the act under which this county is now governed not permit such changes. A sub-committee was appointed to look into the matter, and will report. This body consists of Mark L. Requa, Professor William Carey Jones, E. K. Taylor, Harrison S. Robinson and R. M. Fitzgerald.

The purposes of the committee, which

has been empowered by the Tax association to investigate all angles of the proposed reorganization of the county government, will be set forth in an appeal to the people, in an endeavor to raise the sum of \$50,000 for the work.

To this end a publicity committee, composed of John F. Connors, managing editor of THE TRIBUNE, and C. B. Daniels of the Enquirer, was appointed, these to add to the committee any members they may see fit, and a committee to prepare the statement will consist of Professor Thomas H. Reed, E. K. Taylor, H. S. Robinson and R. M. Fitzgerald.

It was suggested that the committee get in touch with the organization in Los Angeles now engaged on a similar plan of county government reorganization. It was also decided that an appeal will be made to the improvement clubs, and that delegates from such organizations be urged to aid in the committee's deliberations on legislative points, when the actual work of investigating county departments, and planning changes, begins. Professor Reed, Dr. George C. Pardee and Chairman Mark L. Requa will wait on the Alameda County Civic Association, to urge the cooperation of that organization.

BANKERS NAMED.

Among plans as to finance matters it was decided that W. W. Garbhanter, president of the Oakland Bank of Savings, Victor H. Metcalf of the Union Savings Bank, J. P. Harrison, president of the Central Bank be appointed, the first two named to be asked to act as an auditing committee, and the latter to be treasurer. This committee will take charge of the funds to be collected by the committee, from subscriptions.

"The committee will set forth its objects, state its needs for the money, and will then endeavor by approaching firms, business houses, and private parties, to obtain sufficient to carry on its investigation of the Tax Association. It is expected to aid in this activity. The newspapers will be urged to co-operate, and it is expected that the entire \$50,000 needed can be so raised.

The members of the committee at present are: Mark L. Requa, chairman; R. M. Fitzgerald, Professor Carl Plahn, E. K. Taylor, Charles J. Heeseman, J. W. Smart, Professor William Carey Jones, Charles E. Snook, Professor Thomas H. Reed, H. S. Robinson, Professor C. L. Cory, Henry Lachman, C. H. Wente, Dr. George C. Pardee, Mrs. C. S. Chamberlain, Fred N. Delaney and Charles S. Neal. J. J. Callaghan of Livermore, J. W. Phillips of East Oakland and L. B. Parsons of Hayward will be added to the committee.

FORMER CLUBMAN ESTATE, 2 CENTS

Ex-Society Leader Dies in Poverty in Cheap Lodging House.

NEW YORK, Jan. 3.—Alexander Mercer Pell, related to prominent New York families and an erstwhile member of the most exclusive clubs, died yesterday in the little furnished room at 215 Broadway that had sheltered him in his last obscure days.

At 42 he had reached the bottom of the social totem and he left an estate of a headware suit or two, a few books and a rubber-headed pile of pawn tickets, which indicated the most recent source of his income. His total cash was two pennies.

Shortly after Pell's marriage in the late nineties to Miss May Hutton, a former county belle and herself of old Knickerbocker stock, he was able to settle on his wife an estate of \$1,000,000 and yet retain a fortune.

Mr. Archibald Pell and Duncan Pell, the man's brothers, hurried to the scene with an undertaker. A burial permit was quickly obtained from the coroner. The brothers declined to make any statement.

Pell was divorced in 1897 after proceedings which ended in secrecy those of the W. K. Vanderbilt case. The hearings were before a referee, and nothing became public except the fact that the evidence offered by Mrs. Pell entitled her to a decree. It was current report that the names of several society women had been mentioned.

By the terms of the decree Pell was not allowed to see his son for two years, although he had set aside a trust fund for the boy.

Mrs. Pell, later married Charles N. Daly, a Wall Street broker, laid the groundwork for the estrangement from Pell, it was understood at the time, when, against his advice, she embarked on a business career.

RANCHER HANGS SELF IN ASYLUM

STOCKTON, Jan. 3.—Louis Walker, a rancher from Newcastle, Cal., hanged himself in the State Hospital for the Insane here early this morning. The body was discovered by a watchman, who was summoned by a frightened nurse. Walker, who was almost blind and otherwise injured as the result of a dynamite explosion several years ago, was 55 years old.

The suicide tied one end of a sheet to a bar across the window of his room and strangled to death.

ALBANY GIRL IS HIT BY AUTOMOBILE

ALBANY, Jan. 3.—Seven-year-old Mary Marcella was run over by an automobile on the county line late yesterday afternoon and her leg was broken. The occupant of the machine dashed to where the girl lay in the street, took a glance at her without proffering assistance and drove away. The child was taken by bystanders to the office of Dr. H. H. Reimer of Rust, who declared that her injuries were not serious. She is the daughter of G. Marcella, an expressman. Bystanders who saw the accident, however, the number of the machine license to have been 80757.

ROTARY CLUB HAS WEEKLY LUNCHEON

H. R. Bashford of San Francisco Is the Principal Speaker.

The regular weekly luncheon of the Rotary club was held yesterday at the Hotel Oakland, where all the luncheons of that organization will be held in future. More than one hundred members and their friends were present yesterday.

H. R. Bashford, president of the San Francisco Rotary club, was the principal speaker and Robert Robertson, president of the Oakland organization, was toastmaster.

Bashford's talk was on commercial co-operation between the merchants and business men of Oakland and San Francisco as well as the promotion of a friendly feeling and a spirit of "Rotarianism" as necessary adjuncts to merchants and business men on both sides of the bay.

Robertson, who is one of the most active workers in the Rotary organization on this side of the bay, spoke with pride of the handsome appointments and success of the new Hotel Oakland and was responded to by Victor Bello, manager of the hotel. The entire club voted unanimously to work for the success of the Hotel Oakland.

LABOR LEADERS FILE APPEAL IN STOVE CASE

WASHINGTON, Jan. 3.—Samuel Gompers, John Mitchell and Frank Morrison of the American Federation of Labor, convicted of contempt of court and sentenced to jail in connection with the Buck stove and range case, filed their appeal today in the District of Columbia court of appeals. It alleges the men were convicted not of contempt of court, but of want of respect for judicial authority. Seventeen alleged errors are charged against Justice Taft. The committee of prosecution will file a brief in reply before February 5 and hearing of the appeal probably will be held about the second week in February.

AGED WOMAN HURT WHEN AUTOS COLLIDE

SAN FRANCISCO, Jan. 3.—Mrs. Joseph Knowles, 77 years old, was painfully injured in a collision between two automobiles at the corner of Divisadero street and Golden Gate avenue last night, in which the cars were partially wrecked. Mrs. Knowles was riding with her son, William D. Knowles, an electrical engineer of 811 York street, when the machine collided with an auto belonging to the Pacific Hardware and Steel company and driven by S. C. Russell. Mrs. Knowles was the only one hurt and was taken to another car to the home of her daughter, Mrs. F. Schulenberg, 1960 Divisadero street, where she is resting. A 2422 Gough street was called in to attend her. No arrests were made.

Some Growing Children

are under size—under weight. Some grow tall and thin, others are backward in studies—pale and frail—improper assimilation is usually the cause.

If your children are not rugged and ruddy and rosy—bubbling with energy and vim at all times, you owe them SCOTT'S EMULSION—nature's concentrated nourishment to build body, bone, muscle and brain.

Children need SCOTT'S EMULSION in winter.

Gall Stones Removed Without An Operation

After suffering for one year with gall stones, I was told by a friend to try Swamp-Root. I began with the 50-cent size and after using four bottles found that I was much better. I began taking the larger size bottles and after taking three bottles I am cured. That has been seven years ago this summer and I have never been sick since that time from my disease.

I can cheerfully recommend Dr. J. C. Hemm's Swamp-Root to any one for kidney and bladder troubles, hoping they may do as much good for many people as it did for me.

Yours truly,
MISS EMMA HOLDEFER,
20 N. Torpe St., Kansas City, Kan.
State of Missouri,
County of Jackson.

On the 11th day of August, 1909, personally appeared before me, a Notary Public in and for said County of Jackson, State of Missouri, who subscribed the within statement and made oath that the same is true in substance and in fact.

HENRY C. EMERY,
Notary Public.

Letter to
Dr. Kilmer & Co.,
Binghamton N. Y.

Prove What Swamp-Root Will Do For
You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the OAKLAND DAILY TRIBUNE. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

**ELEANORA SEARS
NOW FANCY SKATER**

Society Girl Enthusiastic Over
New Sport; Is All-round
Athlete.

BOSTON, Jan. 3.—Miss Eleanora Sears of Boston and Newport, and formerly a familiar figure in San Francisco and Burlingame, is in the limelight now as a fancy skater. She is said to be the best skater on ice among all the devotees of the sport among the Beacon Hill social set.

Miss Sears is an all round athlete. She rides like a guardsman, is an excellent swimmer, plays golf and polo equally well and varies her diversions by taking trips in aeroplanes. Winter finds her devoting her athletic skill to ice skating, ice boating and snowshoeing.

Boston has long enjoyed the distinction of having the most skilled fancy skaters, and there are several private rinks in the city and its fashionable suburb, Brookline, where in winter there are many carnivals and private skating parties. It is at these events that Miss Sears has been a notable and dazzling figure this season. She is fast and graceful, a good dancer on skates and expert at all the fancy turns on ice.

E. E. THORNTON TO STUDY TRANSPORTATION OF U. S.

Local Railway Official to
Leave for the East
Tonight

E. E. THORNTON.

In order to study transportation facilities by inspection of the great railway terminals of the United States, to gather ideas for the proposed new Key Route terminal, which will be built at the end of the mole by the San Francisco-Oakland Terminal Railway Company, E. E. Thornton, superintendent of transportation, leaves tonight for the East. Thornton, who is one of the best known railway men in the West, and has been head of the Oakland Traction Transportation Department for the past eleven years, was specially detailed by General Manager W. R. Alberger to make the trip, which, according to his present plans, will take about a month. His itinerary includes inspection of the new Union Depot at Kansas City, the new Rock Island Depot at Chicago, the Northwestern Terminal at the same city, the Pittsburgh Terminal, the new terminal station at Washington, the Market-street Terminal at Philadelphia, the Boston and Jersey City Terminals and the Grand Central Terminal at New York.

The new ideas which the local official will probably be one of the most elaborate buildings of its kind in the country, the railway company planning to install every possible innovation for the convenient and safe handling of crowds. SPOKES OF TERMINAL.

"The new terminal will be a wonderful piece of work," said Superintendent Thornton, in discussing his proposed trip. "We intend to build a depot that will combine utility and beauty. I will make special study of aprons for approach to ferry boats, the quickest methods of handling the crowds, raised or platform approaches to trains, switching facilities, arrangement of tracks—a vital point in quick work—and the use of double or elevated concourses. The Grand Central Station in New York is an admirable example of this latter expedient. Here 200 trains per hour discharge and receive passengers. There are two concourses, the suburban and the express concourses, and the results obtained are said to be wonderful.

"For our size, we have a remarkably busy terminal at the Key Route system. We have 12 trains hourly, or 13 every 15 minutes at the terminal, and many of these are 'double,' for they come and set out for eight different destinations. Besides this, we will some day have the San Jose trains to look out for, signal systems, recently perfected. We signal the trains 40 minutes apart, on an average.

TO STUDY SIGNALS.

"Signal systems will also come under my inspection while on my trip. I plan to render an exhaustive report on this matter. I expect to be gone 30 days in all, and will put in some fast work. The trip will be business purely, although Mr. Alberger has very kindly told me to take all the time I care to. I will try to be back within the month, however, for work here is pressing, as is natural with a fast-growing system, and, besides, the sooner my report is in the

sooner we will be able to discuss these matters, probably the most important in the history of our system. The new terminal, as planned by the company, will make railroad history on the coast. I cannot give any adequate idea of it yet. None of us have more than barely outlined the subject. Mr. Alberger has in mind a great terminal, with all the best that can be afforded in the way of conveniences, and my trip is to give a working basis for discussion and plans."

TO VISIT SOUTH.

Thornton leaves tonight on the "Angel," and will stop over a day at Los Angeles before making his Eastern trip. In the southern city he will inspect the handling of street-car traffic as practiced in the crowded city and the suburban lines, and will gather valuable information regarding time-table service, speed service and transfer systems. These matters will also be embodied in his report.

As transportation superintendent, the work of making time tables, and the entire operation of all lines in the system, comes under this official's department. Thornton has grown with the service, beginning 13 years ago, when a young man, as a motorman. His rise was rapid. He became an inspector after about six months, and from then on, through various positions, rose until he is today the director of the entire operation of the street car systems on the east side of the bay. His office is the center of all the lines. Their time, their crews and their operation questions are all decided upon by Thornton and his assistants. He has sole charge of time-table arrangements, and from his office the car men are employed. His report, based on his Eastern trip, will probably touch on these matters as well as on terminals, although the latter is the sole object of his journey.

MUSICAL PROGRAM
AT Y. M. C. A. MEETING

The musical trio of the Young Men's Christian Association will render a special New Year's program at the association headquarters Sunday afternoon, preceding a meeting in the lobby. Rev. Thomas E. Watts will be the speaker at the service, which will consist of six short talks on "Foundations," "Unconscious Opportunities," "Courage," "Faith," "The Relationship of God," and "The Relationship of Each Other."

HOTEL CLERK IS VICTIM OF THUGS

Japanese Bound, Gagged and
Beaten in San Francisco
Hostelry.

SAN FRANCISCO, Jan. 3.—Bound and gagged by two bandits, Frank Toriyama, Japanese night clerk at the Athens hotel, 33 Eddy street, in the heart of the city, was robbed of \$22 at 4.30 this morning. That the highwaymen did not succeed in their intention to dynamite the safe in the office was due to the chance appearance of William Purcell, a guest in the hostelry, whose approach frightened them off.

Toriyama answered a call for the elevator at the ground floor and two men, who were waiting, stepped into the car. They asked for a room and he was taking them to the office. While the cage was ascending one of them seized him, placed a revolver at his head and told him to make no outcry. He struggled and was beaten down by a blow from the weapon. The second thug took hold of the lever of the elevator and brought it to a stop at the office landing. Then they walked their victim behind the counter and began to manipulate the combination of the safe.

THREATEN DEATH.

"If you don't open that we will blow your brains out," threatened the man with the pistol.

"I can't. I don't know the numbers," replied the clerk.

They then went through his pockets, taking all the money he had, bound his mouth with a towel, tied his hands behind him and his feet together and placed him upon the floor. Kneeling down they were about to bore a hole in the safe when Purcell's approach was noted. Jumping into the elevator they let themselves down as Purcell came in and went upstairs without noticing Toriyama lying bound.

A few moments later the Japanese succeeded in wriggling himself free and shouted for help. Officer James Sullivan responded and later several detectives arrived from headquarters. They have a careful description of the robbers.

NEW METHOD OF 'FINANCE' EXPOSED

Portland Firm's Transaction Is
Shown in Hearing of the
Federal Court.

PORTLAND, Ore., Jan. 3.—A new system of frenzied finance is alleged to have been practiced by the promoters of the Columbia River Orchards Company in Oregon. The plan was to exchange bonds for real property with a promise to exchange the property back for the bonds at par value whenever the holder became dissatisfied. By this process many persons were induced to believe they were making a 25 per cent profit when they gave \$100 real estate for \$125 in bonds.

At the hearing in the United States district court yesterday in the trial of A. J. Elsie, letters were introduced showing how the company conducted its operations.

In constructing the pumping plant at Wahiawa, which was the chief piece of work done by the promoters, the exchange principle was employed.

TRAIN IS WRECKED BY BIG LANDSLIDE

Thirty Passengers Reported
Hurt in Disaster on Ore-
gon Road.

PORTLAND, Ore., Jan. 3.—News was brought here last night that a passenger train on the Pacific Railroad and Navigation Company's line which left Tillamook Sunday morning for Portland was wrecked near Mohler station three hours later by an avalanche of ice, rocks and mud. Practically all of the thirty passengers and train crew were injured, only two seriously, however.

According to a party of men who brought the news, the avalanche struck the train midway and carried from the rails all of the six cars. Some of them were overturned and the smoker was left hanging over a ravine by one set of trucks. The engine was tipped, but did not turn over.

As a result of the recent storm the telegraph line along the railroad has been interrupted for several days.

BURGLAR SENDS VAN TO GATHER FURNITURE

SALT LAKE CITY, Utah, Jan. 3.—When George Ross returned to his home here yesterday after a two weeks' vacation, he was surprised to find a furniture van backed up to his door and two men busily engaged in removing his furniture. He was informed by the man in charge of the moving squad that the piano in the house had been purchased a week ago by a second-hand dealer who now was in the house estimating the value of the remainder of the household goods.

A further inquiry resulted in the discovery that the house had been thoroughly ransacked, evidently by the person who arranged for the sale of the furniture. A search for the new-fangled burglar has proved fruitless.

HONOR MEMORY OF SIR ISAAC PITMAN

NEW YORK, Jan. 3.—Stenographers throughout the country today observed the centenary of the birth of Sir Isaac Pitman, inventor of modern shorthand. There were commemorative exercises in public schools, colleges and other institutions here and similar exercises were held simultaneously in England under the auspices of the lord mayor of London.

Sir Isaac Pitman was born in Bath, England, in 1813, and in 1824 was elected by Queen Victoria for his work in shorthand and phonetics. His "Pitman's shorthand" is the basis of most modern systems.

TELLS MOTHER FIRST 'FIB' RUNS AWAY TO MARRY

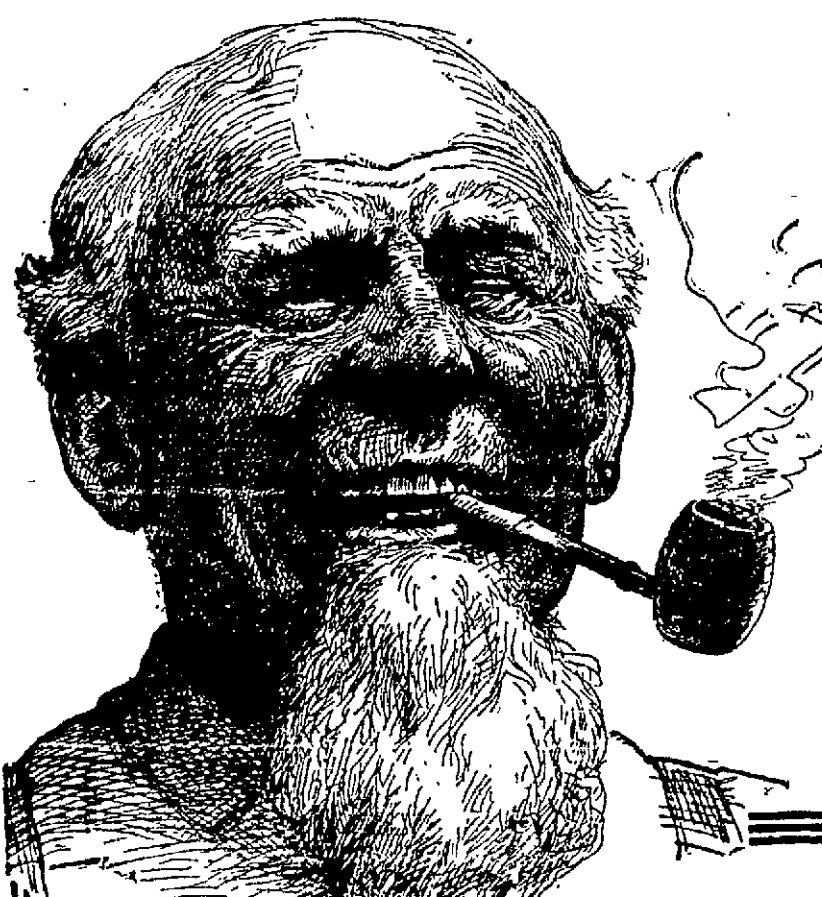

SAN FRANCISCO, Jan. 3.—For the first time in her life, pretty, 19-year-old Etta May Anderson, daughter of Mr. and Mrs. E. M. Anderson, 2900 Vallejo street, told her mother a "fib" yesterday afternoon.

She said the girl accompanied by Albert Paul, a wholesale grocery sales man, left her mother's home and ran away to marry. It will be some time before the truth of the matter is known. Less than two months ago Mrs. Anderson was Mrs. Albert Paul—and she did not die; the others, it is said, will recover. A party is announced.

ITALY ORDERS 200,000 TONS OF AMERICAN COAL

CARDIFF, Wales, Jan. 3.—Italy has followed the lead of the Egyptian railroads and has placed an order for 200,000 tons of coal in America, while she has also invited tenders for a large quantity from the Yorkshire mines.

DESIGNS FROM TOBACCO TRUST NEW YORK, Jan. 3.—The designs of M. C. Patterson as vice-president of the American Tobacco Company are announced.

jimmy
pipe
joy

**PRINCE
ALBERT**

the national joy smoke

For an honest-to-goodness smoke—any kind of weather, any time, anywhere—you get a jimmy pipe and some Prince Albert and make fire with a match!

No matter what gait you're traveling or what's on your mind, for the long pull and the cool pull and the joy pull, why, you get right down to the original idea—a jimmy pipe—and just jam it full of P. A. and there you are, all right side up with the world! Do that!

Prince Albert's got tobacco substance and gives tobacco satisfaction. It isn't a lot of chaff! On the train, in your auto, anywhere, it's your pipe smoke, because it's fresh, and sweet, and delicious, and can't burn your tongue or parch your throat! Bite's taken out by the famous patented process that has made pipe smokers and men who couldn't smoke a pipe before sit up and make some mental notes!

Anchor alongside this: When it comes to a cigarette smoke, P. A. is king of 'em all. You get wise to a package of P. A. and makin' papers and go to it while the going's good. It's a sure-thing bet you'll get the spirit of P. A.'s freshness, fragrance and sweetness.

Take it straight, P. A. is a revelation. Give it a crack—you'll forget that broiled tongue and the fire-brands and the dust-brands.

Buy P. A. everywhere in the toppy red box, 5c in the tidy red tin, 10c. Get it now.

MAY REPAIR BONE IN FOUR DAYS

Remarkable Discovery Soon to Revolutionize Surgery, Is Predicted.

NEW YORK, Jan. 3.—Dr. Alexis Carrel of the Rockefeller Institute for Medical Research, who received the Nobel prize for medicine in 1912, is the first to announce a great scientific discovery in 1913.

In the current issue of the Journal of Experimental Medicine, the official organ of the Rockefeller Institute, dated January 1, he publishes the results of a series of experiments which have been in progress since 1907, the possibility of healing a cutaneous wound in less than a day and the repair of a broken leg in four days.

Although Dr. Carrel does not mention it in his preliminary report, the assertion is also made that the reparative process may become applicable not only in cases where the tissues have been divided, as in knife wounds, but in cases where large areas of tissue have been destroyed in various parts of the body by disease.

Aided by a knowledge of the fact that the growth of the body is dependent in many respects on the more or less mysterious activities of some of the ductless glands—the thyroid, for instance—he applied a mixture of thyroid extract and macerated portions of other organs of the body to cutaneous wounds.

The results were wonderful, almost miraculous. They bear out the scientist's statement that "if the rate of the reparation of tissues were activated ten times only a cutaneous wound would heal in less than twenty-four hours and a fracture of the leg would be cured in four days."

'BE ORIGINAL,' HER ADVICE TO GIRLS

Virginia Rappe Suggests New Ways for Women to Earn Money.

CHICAGO, Jan. 3.—The 1913 working girl will succeed if she adopts a new idea.

Virginia Rappe, who as a commercial model travels over the United States and Europe at a salary of \$4000 a year, advanced this argument in defining the prospects for the coming year for those of her sex who must earn their own living.

"Don't be a stenographer," she urged. "There are many of them. Don't be an office woman, for the same reason. Don't stand in the waiting line for a \$6 a week job that is heart-breaking and demoralizing."

"Some might become shoppers for rich families. There are many of them in the big cities. Many a wealthy family would be glad to find a nice appearing young woman with good taste, a fair education and common sense, to do the shopping."

"Be original—every girl can be that. Be a 'fixer.' Do you know there are hundreds of wealthy women in Chicago who would willingly pay a small sum—say from a \$1.50 to \$3—for the service of a bright, business-like girl to attend to simple wants in the housekeeping line? Many of these girls are employed by the 70,000 occupants of flats in this city. For instance, I know one girl who attends to the care of children's clothes for several families. Another looks after the silver in 15 South Side homes, counting the silver, sending it to the repairer and reporting to the mistress."

BERNHARDT NOT ASKED TO ACT, SAYS HOSTESS

CHICAGO, Jan. 3.—Mrs. Harold P. McCormick, society leader and daughter of John D. Rockefeller, denied yesterday that she had asked Mrs. Sarah Bernhardt to act at a reception for the stars of the Chicago grand opera company. At the close of each season Mrs. McCormick gives a reception for the singers in the gold ballroom of the Congress hotel. The one this year promises to exceed in cost those previously given. Mrs. McCormick, it is said, will serve wine, thus departing from a rule that holds in her home.

EGGS SCRAMBLED BY PARCELS POST

Nice, Oozy Package Gradually Spreads All Over Desk of U. S. Senator.

WASHINGTON, Jan. 3.—Senator Atlee Pomerene of Ohio is seeking today for the Senate office building employee who left a smeary package of scrambled eggs on his mahogany desk yesterday. They were not cooked and they spread themselves carefully over the adjacent territory.

The eggs were youthful, fresh and intact when they started out from Massillon, O., by way of parcels post to gladden the heart of the Senator. When they had received violent attention in transit they became discolored and eventually arrived in a disheveled condition. Eight of them wearily oozed their way out of the package when it was laid on the Senator's desk. Four only retained their shape.

WILSON TO SEND WOMEN MESSAGE

President-elect Is Preparing "Lesson in Democracy" for League Meeting.

WASHINGTON, Jan. 3.—President-elect Wilson is preparing a "lesson in democracy" for presentation to the national convention of the National Woman's Democratic League, which will meet here next week, according to a statement of the officials of the organization today. The message is expected to be the feature of the convention.

Strong rivalry has developed in the race for the presidency of the league. Among the well-known women mentioned in connection with the office are: Mrs. Champ Clark, Mrs. Oscar W. Underwood, wife of the majority leader of the House; Mrs. Perry Belmont and Mesdames Ayres, Cullen and Kinkaid, wives of the representatives from New York, Indiana and New Jersey, respectively. The convention will be called to order Tuesday.

KING ALFONSO PRESIDES AT MEETING OF CABINET

MADRID, Jan. 3.—A meeting of the Spanish cabinet was held yesterday under the presidency of King Alfonso. Count Alvaro de Romanones, the premier, declared that the retirement from public life of Antonio Maura, leader of the conservative party, was a serious blow to the organization of the Spanish monarchy. King Alfonso, who followed the premier, repeated the expression of his confidence in the ministry and afterward praised the work of former Premier Maura.

GOVERNOR HUNT TO BE AT HIGHWAY CONVENTION

YUMA, Ariz., Jan. 3.—The Yuma Commercial Club was in receipt of a message today from Governor Hunt at Phoenix, stating that he, together with a number of prominent Arizonians will attend the borderland highway convention here tomorrow, when the ocean-to-ocean highway project will be taken up. A delegation from the Imperial Valley and a committee from San Diego, headed by Mayor Wadham and U. S. Grant, will also take part.

SHERIFF'S POSSE ON TRACK OF DESPERATE GANG

SAN BERNARDINO, Jan. 3.—With a trail of blood and murder and three dead men behind them, a gang of desperadoes is being hunted through the mountains west of here before a posse headed by Sheriff Ralphs. A number of railroad detectives are in the posse. The bandits murdered Wong Sing, cook in a Santa Fe grading camp, and held up three camps.

Our Great One-Third of a Century Sale

Oakland's Most Progressive Store

ABRAHAMSON'S

S. E. Cor. 13th and Washington Sts.

The most amazing of all modern Clearance Sale movements commences Saturday, January 4th, and continues during the entire month of January. Growth does not come unmerited, it must be built upon principles. When the firm of Abrahamson Bros. opened its doors to the trading public of Oakland thirty-three years ago their watchword was "value giving." During all these long years this motto has been to them a true and constant companion, and built up a business reputation that is still making new and greater records from day to day.

In order to celebrate this 33d Anniversary in a fitting manner we will place before the public of Alameda county an enormous stock of high - grade merchandise at sensationally low prices. This unusual event is bound to create widespread attention, therefore we advise you to come as often and early as you can — to watch our windows and our advertisements--and to buy liberally, as our values certainly warrant it.

Radical and Final Clean-up Prices in Women's and Misses Suits

\$8.75 For Women's and Misses' Suits of corduroys, broadcloths, chevots, fancy mixtures, etc., representing values from \$12.50 up to \$17.50.

\$11.50 For Women's Tailored Suits originally priced as high as \$25. Every style entirely new and correct in every detail. All sizes.

\$16.50 For Tailored and Fancy Suits representing values up to \$30. Materials are mannish mixtures, broadcloths, serges, wide wales; also a few Norfolk styles.

\$19.95 The Cream of Our Stock in Women's and Misses' Tailored and Fancy Styles. Entirely new effects and colorings in two-tone velvets, two-tone diagonals, chevots, whipcords, etc.

STUNNING FALL COATS

At a mere fraction of their real value.

\$10.95 For Women's and Misses' Coats that have sold as high as \$18.75.

Winners of Our Great \$500 Charity Voting Contest

December 31st was the closing day of this great Charity Voting Contest. According to our plans a committee of two was selected by the OAKLAND TRIBUNE to count the number of votes cast into the ballot boxes for the different societies. As previously announced five prizes, amounting to \$500.00, will be distributed among those institutions receiving the largest number of votes, and we gladly announce the following as winners:

First prize, \$250 Little Sisters of the Poor..... **11,351 votes**
Second prize \$100 Children's Hospital of the East..... **8491 votes**
Third prize \$75 Bay Cities..... **7378 votes**
Fourth prize \$50 West Oakland Home..... **2702 votes**
Fifth prize \$25 King's Daughters' Home for Incapacities..... **1674 votes**
Home for Aged Infirm Colored Peoples.....

Votes. Fabiola Hospital..... **729**
Daughters of Israel Relief Society..... **618**
Portuguese Branch No. 35, Catholic Ladies' Aid Society..... **415**
German Ladies' Aid Society..... **1007**

And Last, But Not Least, One Big Vote of Thanks
To our many patrons who have helped us so generously to make this contest such a big success.

FIRM DISTRIBUTES \$500 TO OAKLAND CHARITIES

Little Sisters of the Poor Win First Abrahamson Prize of \$250

Abrahamson Brothers' December charity voting contest, during which many thousands of ballots were cast by purchasers of goods, has resulted in the distribution of \$500 in cash prizes. The counts of votes was made by a committee of two from THE TRIBUNE editorial department last night. It was found that the Little Sisters of the Poor, a Catholic organization which maintains a home in Fruitvale, had received the highest number of votes, 11,351, and it was awarded first prize of \$250. The other four winners and prizes are as follows: Children's Hospital of the East (8,491 votes, \$100); West Oakland Home (7,378 votes, \$75); King's Daughters' Home for Incapacities (2,702 votes, \$50); Home for Aged and Infirm (colored) (1,674 votes, \$25).

BURGLAR PROVES MERELY 'DRUNK'

Which Is Why Al Cordes Went Back to Bed, in Deep Disgust.

Hearing sounds of a burglar attempting to force a side window of his home late last night, Al Cordes, Walla Vista and Lake Shore avenues, took his rifle and, suddenly throwing the window open, leveled the weapon at the dark crouching figure beside the house. "Telephone to the police," called Cordes to his wife. "If this man moves I'll fire." The police received the message, and shortly thereafter a patrolman arrived and drove at high speed to the scene. The burglar, who was named as Jacob Secaria, was taken to the City Hall lockup under the City Hall clock.

Y. M. C. A. TO GIVE DINNER JAN. 16

The Elaborate Affair Will Take Place at the Hotel Oakland.

Preparations are being made for an elaborate dinner to be given by Oakland Y. M. C. A. to the members and invited guests at the Hotel Oakland on January 16, at 6:30 o'clock. Ralph T. Fisher, Dr. George T. Pomroy and W. N. Jenkins are the committees in charge and state that arrangements have been made to accommodate 500 guests. Vice-president A. L. Adams will preside at the dinner, and a notable list of speakers has been secured, including Fred R. Smith of New York, campaigner for the Men and Religion Forward Movement of Chicago. They will be accompanied by the International quartet, and will leave the next day for the Orient on a world's tour in the interest of the project. Other prominent speakers will deliver addresses and the annual report will be made. General Secretary John Fletcher will present a general summary of the work for the last year. Music will be furnished continuously by the association's instrumental male trio.

ALLEGED WHITE SLAVER FACES FEDERAL COURT

SAN FRANCISCO, Jan. 3.—The federal authorities this morning arrested and took charge of Frederick Ritzke, charged with being a white slave, and who is alleged to have cleaned up \$20,000 by reason of his influence over Resale Carlson, a young woman scarcely out of her teens. Ritzke appeared today to answer to a felony accusation in Judge Dunne's court. His counsel was making an effort to have him released, when representatives of the marshal's office took the man into custody. During the years he is said to have wielded his influence over Miss Carlson she claims to have given him various sums of money, amounting to \$20,000. It is alleged that he had obtained the federal license in the taking of the woman from one State to another and being incidental in locating her in disreputable resorts.

BUILDING BURNS; TRAMPS BLAMED

Unoccupied Finnigan's Hotel in Melrose Is Destroyed by Fire.

MELROSE, Jan. 3.—Fire destroyed a two-story frame structure known as Finnigan's Hotel on Seminary avenue at an early hour this morning. The building has been unoccupied for a number of years. Tramps have been in the habit of sleeping in it and it is thought they started the fire. The Melrose fire department was on the scene but their fight to save the building was unsuccessful.

REPORTS AUTO STOLEN

ALAMEDA, Jan. 3.—The theft of an automobile, believed to be a 1912 Ford, was reported to the Alameda police last night. The auto was stolen shortly before midnight last night from in front of the Hotel Oakland.

Embroideries

The New 1913 Patterns

- We are able to offer you on these exquisite embroideries such prices as are seldom found on such merchandise on the Pacific Coast.
- To take advantage of such a rich opportunity we bought far above our average.
- To the end that this Embroidery Sale would establish a greater reputation than we have held for many years.
- The fineness of the work will be appreciated at once. You will find dainty as well as showy effects, but none of the coarse, cheap, poorly finished patterns so often offered in special sales.
- Only a very few times in our business history have we been able to secure the values offered in this sale.
- Two world-famous Swiss manufacturers at the end of their season found themselves more than usually overstocked with their high-grade materials.
- To eliminate as much of this stock quickly, and to get the cash, in as few sales as possible, was their problem.
- To accomplish this they dropped prices far below normal.

5¢ a Yard—Edgings, 1½ to 7 Inches; Insertions, ¾ to 1½ Inches Wide.

10¢ Yd.—Edgings 4 to 9 In.; Insertions 1 to 2 In. Wide

MISSION PLAY TO SOON BE PRODUCED

Author of "Light Eternal" Has Written New Piece on California.

SANTA CLARA, Jan. 3.—Santa Clara university is going to have a Mission play of its own. Merle of the

class of '06, during which year he received the honorary degree of master of arts, and whose successful play, "The Light Eternal," had its first production at the hands of the students of the university in 1904, is the author. The Mission play is called "Santa Clara," and all of its scenes and action are laid in and about the historical old mission during the troublesome times of 1846.

Santa Clara university has long been noted for its successful production of big plays, no undertaking in this line seeming to be too stupendous. Through the production of Clay M. Greene's famous "Passion Play," and "The Light Eternal," the university has attained an enviable prestige for college dramatics.

There is a breadth of sentiment connected with Merle's writing of the Mission play. It was long the ardent wish of his intimate friend, the late Rev. Robert E. Kenna, S. J., to have the students of Santa Clara university, of which he was the president for so long a time, produce a play dealing with the early days of the Mission. Inasmuch as the university itself was founded and has since been conducted on the very location of the Santa Clara Mission in fact, several of the old mission buildings, including the church, which is still in use, are standing today in Santa Clara, relics of a bygone day.

San Francisco, Jan. 3.—Rumors current on the street for several days that the firm of Bates & Chesebrough, which has been operating the California Atlantic Steamship company, was in financial difficulties, were confirmed yesterday by Arthur Chesebrough, who announced that the company had been forced to abandon its line.

On October 1, 1910, the corporation stated operations with four chartered steamers. The number was increased to eight on the Pacific and a fleet of three was established on the Atlantic for a time being.

In writing, "Santa Clara," Merle has not only written a play, but he has also written a history of the mission. He has written a play, but he has also written a history of the mission. He has written a play, but he has also written a history of the mission.

San Francisco, Jan. 3.—Rumors current on the street for several days that the firm of Bates & Chesebrough, which has been operating the California Atlantic Steamship company, was in financial difficulties, were confirmed yesterday by Arthur Chesebrough, who announced that the company had been forced to abandon its line.

SHIPPING FIRM IN DIFFICULTY

Bates & Chesebrough Concern Must Abandon Line, is Announced.

San Francisco, Jan. 3.—Rumors current on the street for several days that the firm of Bates & Chesebrough, which has been operating the California Atlantic Steamship company, was in financial difficulties, were confirmed yesterday by Arthur Chesebrough, who announced that the company had been forced to abandon its line.

PAY TRIBUTE TO MRS. DE GALINDO

Funeral of Oakland Pioneer Is
Held From Historic
Residence.

The funeral of Mrs. Ynez Peralta de Galindo, pioneer of Oakland and daughter of Antonio Maria Peralta, founder of this city, took place from the historic family residence at 540 Telegraph avenue this morning.

From the residence the cortege drove to Sacred Heart church at Fortieth and Grove streets, where Rev. Father Serra said requiem high mass. A number of lifelong friends of the late Mrs. Galindo attended the funeral and many floral offerings were received as testimonials of the love and reverence with which she was regarded. The interment took place in St. Mary's cemetery. The honorary pallbearers were: J. Vincent, Ruperto and Alexander Galindo and G. W. Fitch.

FEARS VIOLENCE FROM HUSBAND

The Home of San Francisco
Woman Guarded by 3
Policemen.

SAN FRANCISCO, Jan. 3.—Mrs. Homer Woods of 316A Tenth avenue, in company with her mother and grandmother, were guarded last night by three policemen, against the possible home coming of Mrs. Woods' husband. It is claimed that on New Year's eve, following a quarrel with his wife, Woods acted in an insane manner, throwing and breaking the furniture, and finally leaving the house. He returned the next morning, apparently in a friendly mood and, according to Mrs. Woods, kidnapped their three-year-old son, William. As soon as the baby was missed Mrs. Woods hurried to the police station and asked for the apprehension of both.

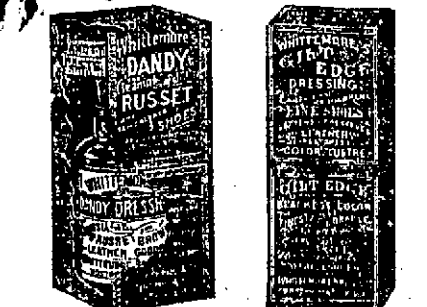

Last night while Mrs. Woods was absent her husband returned, she claims, and attacked her mother, Mrs. McLaughlin, and the aged grandmother was sent terror-stricken to her room. She at once asked police protection and the three officers were sent to the home.

"I think my husband has a plot on his mind," explained Mrs. Woods this morning, "and I fear for the safety of my little boy. Two years ago in Canada, Homer shot at a man and then shot himself. He showed me the pieces of bullet that were removed from his head, but I don't think they got it all out."

Woods is a metal worker and has been in the employ of a man named Burroughs in Oakland.

ACCUSED BY UNCLE SAM.
SAN FRANCISCO, Jan. 3.—Raymond Enneking was brought here this morning by a United States marshal from Winters, where he is accused of violating the postal laws.

WILL OAKLAND-ANTIOCH BE HILL TERMINAL LINK?

Overland Road to Reach Bay Over Contra
Costa Line, Report

Whatever truth there may be in the report that James J. Hill, the northern railroad magnate, and the Western Pacific Railroad have completed a traffic arrangement, providing for the interchange of trackage privileges, there is a persistent rumor and material evidence that eventually trains from the Hill line will enter Oakland over the Oakland, Antioch and Eastern Railway tracks, which are now being built over the Contra Costa hills and through the valley to Sacramento.

It is reported that the Hill and Gould interests are to take over the Nevada, California and Oregon Railway under joint ownership and complete the work of converting it into a broad-gauge line. This road would enable trains of the Hill system to gain entrance to California, reaching the Western Pacific at Doyle, the first station east of the Nevada-California line, according to the story. The agreement, also, would permit the running of Gould line trains over same link into Oregon and further northward over the North Bank road controlled by Hill. Whether or not the Hill trains are to cross the Sierras over the Western Pacific rails, it is regarded as likely that they will reach the tracks of the Oakland, Antioch and Eastern at Sacramento.

OAKLAND LINE SUBSTANTIAL.
The roadbed of the latter line is being constructed in a substantial manner, suitable for the carrying of overland trains, which is further indication that it is to be used as the terminal link of a new transcontinental road.
The Hill line, it is said, will gain entrance to California over the Nevada, California and Oregon railway, which extends northward from Reno, Nevada, to Lakeview, which is just over the California line in Oregon. It parallels the state line between California and Nevada for many miles, and traverses some of the most magnificent territory in the Sierras. A narrow gauge road, now under control of California capitalists and with two women as the principal owners, the Nevada, California and Oregon has always been regarded as the link that would eventually make the connection between Oregon and central California. From the North Bank road, which extends along the northern side of the Columbia river, Hill has built an extension, the Oregon Trunk, running due south to Bend, which is almost in the center of Oregon. The point of departure is Des Chutes Junction, opposite Fallbridge, where there is a Hill bridge across the Columbia, and it follows closely the course of the Des Chutes river. It was in the narrow canyon of this stream that the Harriman interests

PORT AT GENOA TO BE IMPROVED

Much New Work Now Under
Way in Foreign Harbors;
to Aid Shipping.

(By Vice Consul General James B. Young,
Genoa, Italy.)

The port of Genoa is to be enlarged and improved at a cost of \$5,000,000 lire (\$1,753,000), and the materials and machinery required present an opportunity for the sale of American products.
Work contemplated in the enlargement of the port includes the construction of a new basin on the outer, right-hand edge of the port. This basin will be about 40 hectares (90 acres) in area, and will have an average water depth of 12 meters (39.4 feet). It will be used for discharging and, to a less extent, loading coal, and the port space now devoted to this traffic will be converted to the use of vessels engaged in carrying general merchandise, thus greatly relieving the tendency of the port to become congested.

The work of construction will consist mainly of the building of a dike or outer port breakwater 1700 meters (5577 feet) long, and a second dike at right angles thereto (connecting the shore with the outer dike) 350 meters (1148 feet) long, with a 200-meter (656-foot) gate or entrance, and filling in the other two sides of the almost quadrangular basin—one side being 630 meters (2067 feet) long and over 100 meters (328 feet) wide, and the other side only partly filled, to a length of 320 meters (1050 feet) and about 100 meters wide, allowing 100 meters at the outer end for another gate or entrance.
The inner sides of the basin will form extensions of the largest wharf in the port, on which terminate most of the railway tracks used in the coal-carrying trade. These additional wharf spaces will be in all 1400 meters (4593 feet) long and 200,000 square meters (2,152,800 square feet) in area, and will be equipped with electric cranes, elevators, etc., and apparatus for loading and unloading vessels. Sheds will also be erected for the protection of merchandise. The new basin will be known as the Dacine Vittorio Emanuele III.

(The work to be included in the building of this basin is indicated on a diagram of the port of Genoa that will be loaned to interested American firms by the Bureau of Foreign and Domestic Commerce (Washington), from which may also be secured the names of all improvements in the port of Genoa and of the company holding the contract for the work proposed by the foreign report.)

TO BE SURE.
A New York visitor from the far interior who was a stranger to law courts was taken one morning to witness the opening of court. When he heard the judge, whose ancestors were evidently of the Emerald Isle, address a Hebrew attorney as "brother," he expressed his surprise.
"Brothers?" he exclaimed. "That's a joke. Look at 'em, 'em!"
"Well," replied his companion soberly, "they are brothers, all right."
"An Irishman an Irishman! How do you make that out?" he wanted to know.
"Why, there's brother-in-law was the response. "The kind that sticks to closer and also ceases upon the ordinary kind."

SAYS MOTHER-IN-LAW DEPARTED WITH BABE

Joseph Silva was willing to endure and be patient while his mother-in-law, Mrs. Mary Reposa, told his wife many strange stories about him, and attempted to bring about trouble between him and his wife. He concluded that such actions were merely in the nature of being a mother-in-law. But patience ceased to be a virtue last night, when Mrs. Reposa, failing to induce her daughter to leave Silva, took his 15-month-old son and heir, in the hope that the mother of the child would follow.
Silva this morning swore out a warrant for the arrest of Mrs. Reposa, charging her with disturbing his peace.
"That woman has made trouble for me ever since I got married," said Silva. "But I stood all that she did, even when she tried to get my wife to leave me. But when she took my little boy and kept him, to get my wife to go to her home, I got tired and had her arrested."
Silva lives at 7929 Gordon street, while his mother-in-law lives just around the corner, at 1256 Seventy-ninth avenue.

"MODEL" HUSBAND IS SUED FOR DIVORCE

KANSAS CITY, Mo., Jan. 3.—Fifteen women testified in Judge Slover's court that Elijah L. Cooper, a salesman, was a model husband. Mrs. Cooper, asking for a divorce, says no. These are the counts Mrs. Cooper makes against Elijah:
He brings chuck steak home instead of sirloin.
He insists on kissing her each night on returning from work.
Mrs. Cooper says she likes neither chuck steak nor kisses—Mr. Cooper is entirely too affectionate for her. Cooper says his wife refuses to go to church or anywhere else with him.
Mrs. Cooper insists there had been no marital experiences before.
Mrs. Cooper has been married three times; Cooper four times.

MINOR CRIMES ARE REPORTED TO POLICE

Reports were made to the police this morning of eight burglaries and thefts, but the thieves obtained loot amounting to a total of only \$150. The thefts reported were as follows:
B. M. Bates, 4254 Louise street, premises entered by forcing rear door and jewelry valued at \$25 taken.
Mack Pittman, 4774 East Fourteenth street, premises entered and gold watch valued at \$26 stolen.
R. J. Russell of the St. Charles House, room entered and suitcase containing clothing stolen.
A. C. Johnson, Clarendon House, room entered and valuable violin taken.
John Blaskitt and Barney Flaherty, 832 Chester street, home entered and rifle and clothing stolen.
Mrs. H. A. Guerlin, 2211 Forty-second avenue, purse containing \$5.50 taken while Mrs. Guerlin was shopping.
Mrs. F. Morland, 522 Jones street, sabbie fur valued at \$20 taken from back of seat in local theater.

SURELY TAKE 'SYRUP OF FIGS' IF HEADACHY, BILIOUS, CONSTIPATED

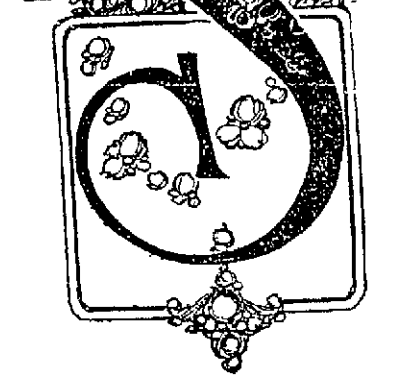

Sweetens Your Stomach, Clears Your Head and Thoroughly
Cleanses Your Liver and 30 Feet of Bowels of Sour
Bile, Foul Fases and Clogged-Up Waste.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?
Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.
Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.
You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it cannot injure.
Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.

THIS TURKEY IS WORTH \$40.
WILLINGTON, Kan., Jan. 3.—If anyone finds a stray turkey that has a glass leg or wing, he can report to Hale & Owen, grocers of this town, and get reward. A big "bird" that the firm had in a rear room waiting for someone to buy, was chosen by a Willington housewife. The turkey was not "broken" and being of a mechanical turn of mind, made a bolt for the door. He missed the door but hit a \$40 plate glass window, putting a hole in it through which a Ford runabout could be driven without a scratch. Then it went elsewhere. Several Greeks, from the railroad camp, are looking for the "bird."
Nothing makes a woman so suspicious as when she has been deceived. When she will give her money without having looked for it.—New York Press.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

Society

THE Ivory ballroom of the Hotel Oakland will tonight furnish a beautiful setting for one of the most brilliant dances of the season for the younger social set.

After the dancing, an elaborate supper will be served to the young beaux and belles. Mrs. Schrock will aid her daughter in receiving the guests, as will a coterie of pretty girls, who are close friends of the young hostess.

MISS PHILLIS LOVELL, Miss Helen Downey, Miss Helen Beckwith, Miss Grace Webster, Miss Katherine Grellin, Miss Elva Ghirardelli, Miss Marguerite Black, Miss Mildred Wells, Miss Philena Wetmore.

Mr. and Mrs. Albert Burch of Berkeley, who have been traveling abroad for several months, have planned to spend a year in visiting the cities of the Old World.

Mr. and Mrs. Edward Leighton Varney returned today to their home in Butte county, after a visit in Alameda at the Tisdale home.

Younger sons and daughters of the leading families of Piedmont will make merry tonight at a monthly dance of the Piedmont Assembly.

Miss Grace Downey will be hostess to the members of the smaller exclusive card clubs next Tuesday afternoon.

Miss Jack Van Slocken, Mrs. Frederick Barnham, Miss Madeline Clay, Miss Irene Farrell, Miss Marie McHenry, Miss Elizabeth Orrick, Miss Lilla Marshall.

Mrs. Frederick Crocker Moon, who left today for her home in San Diego, was the honored guest yesterday at a small tea given by Miss Beale Howden at her home on Webster street.

A delightful card party of the afternoon will be that at which Mrs. Charles Taylor will entertain about twenty of her friends in honor of her sister, Mrs. L. H. Collins.

Mr. and Mrs. H. B. Cornwell of Berkeley announce the engagement of their daughter, Miss Elizabeth Adair Cornwell, and George Raymond Kingsland of Los Angeles.

Gold Medal London, 1911. The best of tea--from the best of land--for the best of drinkers. Ridgways. Sole Brokers Distributors.

MRS. FREDERICK CROCKER MOON, WHO IS RETURNING TO HER HOME IN THE SOUTH.

dicating a simply arranged ceremony at the bride's home in Berkeley in the presence of a few friends and close relatives.

Mr. and Mrs. Fred C. Hardt celebrated the third anniversary of their marriage by an informal reception at their home on New Year's Day.

Mr. and Mrs. J. N. Gilman will entertain the Vermont Association of the Golden Gate at their home in Berkeley this evening.

Two engaged girls will share the honors at the card party to be given on Wednesday afternoon by Miss Margaret Carr.

Mrs. Maria Lamping, aged 86 years, a pioneer of this city, died yesterday afternoon at the home of her daughter, Mrs. John Mullane.

Mrs. Edwin Russell, sister-in-law of Lord Russell of England, died Wednesday at Fresno. She was 63 years old.

Relics recovered from the Indian mound at Vallecito, Jan. 3.—Interesting relics have been recovered from the Solano Indian mound at Vallecito.

Switches made from your combings. Hair goods at reduced prices. Combs hair shop.

PERSONAL MENTION. Miss Belle Jacobs is visiting in Williams. R. W. Perrin was a recent Stockton visitor.

EASTERN GUESTS HONORED. Mrs. Nellie St. Clair Hurdley has invited about 40 friends to her home in East Oakland for a reception and card party on the evening of Wednesday, Jan. 2.

GOES TO LIVE IN SOUTH. Miss Maybelle Violet Babcock became a New Year's bride of the first day of 1913, when she was wedded to Rev. Arthur Polk Brown at the home of her uncle, Lafayette M. Babcock.

MRS. EVER RETURNS. Mrs. Edward Norton Ever, who has been traveling abroad for nearly a year, has returned, and will take possession of her Linda Vista home tomorrow.

MRS. MARIA LAMPING AGED 86 YEARS, DIES. Mrs. Maria Lamping, aged 86 years, a pioneer of this city, died yesterday afternoon at the home of her daughter, Mrs. John Mullane.

MRS. EDWIN RUSSELL PASSES AWAY AT FRESNO. SAN FRANCISCO, Jan. 3.—Mrs. Edwin Russell, sister-in-law of Lord Russell of England, died Wednesday at Fresno.

RELICS RECOVERED FROM INDIAN MOUND. VALLEJO, Jan. 3.—Interesting relics have been recovered from the Solano Indian mound at Vallecito.

SWITCHES MADE FROM YOUR COMBINGS. HAIR GOODS AT REDUCED PRICES. COMBS HAIR SHOP.

WOMEN IN THE NEWS

HEIRESS IS BESIEGED BY CRANKS AND BEGGARS

Mrs. Clara Baldwin Stocker Is Forced to Escape Them by Almost Hiding.

SAN FRANCISCO, Jan. 3.—The spectacular efforts of Mrs. Clara Baldwin Stocker, one of the heirs to the estate of the late E. J. ("Lucky") Baldwin, and her husband, Harry R. Stocker, in spending a large portion of Mrs. Stocker's \$100,000 fortune in the luxury of a "good time," has already brought the taste of bitterness that tradition insists must go with great wealth.

Champ. Heart Breaker. DES MOINES, Jan. 3.—Florence Gamble, 32 years old and good looking, who styles herself "Iowa's champion heart breaker," broke down and confessed to federal officers here that she had corresponded with more than 500 lonesome bachelors over the country.

Bean Causes Lawsuit. PATTERSON, N. J., Jan. 3.—A treacherous bean dropped on the sidewalk in the rush of business has made Sidney Goldthorp, grocer and produce dealer, defendant in a suit for \$5000 brought by Mrs. Margaret McGinnis.

All Now Harmonious. PORTLAND, Ore., Jan. 3.—Living together in a cozy apartment and as happy as turtle doves, Joseph Hunter and his young bride, who deserted him in San Francisco three weeks ago and fled home to her mother, received New Year's callers to let their friends see how completely harmonious things are in their family.

New Reducing Method. CHICAGO, Jan. 3.—Mme. Schumann, Heink is the authority for the statement that in the last six months she has reduced her weight 20 pounds.

Asquith's Daughter. WASHINGTON, Jan. 3.—Miss Viola Asquith, daughter of the prime minister of Great Britain, and Lady Isabel Maria, countess of Aberdeen, wife of the lord lieutenant of Ireland, arrived here yesterday to be the guests for a few days of the British ambassador and Mrs. Bryce.

Byron Adventists Will Erect Church. BYRON, Jan. 3.—The Seventh Day Adventists plan to erect a church edifice here, a lot having been donated for this purpose by Dr. J. W. Hammond, on the Hot Springs road.

SOUR MILK FOR BEAUTY

By LILLIAN RUSSELL

GREAT European physician has discovered that the germ in sour milk is the purest germ in all the world. He has stated that his discovery is of more value to the human race than that great discovery of Pasteur for the cure of hydrophobia.

I tried this treatment one summer when I was in Paris and enjoyed great comfort from it, as I had been suffering from intestinal indigestion for several months previous to my trip abroad.

OAKLAND IS THE DAY'S HOST

Watch the "Musical Instrument Column" in THE TRIBUNE Classified "Ads" all next week. Three lines seven times cost \$1.25.

Mayor Frank K.
Mott.

NOVELIST GIVES ADDRESS.
Mrs. Mary Austin, novelist and dramatist, formed a picturesque and interesting figure at the luncheon. The budding author has been so well known to know and love the noted Californian through her published narratives of early California life and her interesting Indian legends.

At the luncheon the first program that was most appreciated was the "Oakland" song cycle as sung by Frederick Harrison, one of the stars of "Japplyland," accompanied by Miss EDDY, who sang these for the first time. The cycle, had composed by the E. B. Cragels, had composed the music. The words were written by Joaquin Miller, and the song closes with the famous lines:

"My love, trend this way;
Not far along lies Arcady!"

Enthusiastic applause and demands for encore greeted the rendition of this song.

The luncheon, in addition to being one of the largest and most important ever held in Oakland, achieved its principal object by forming the foundation for a closer co-operation between the various communities of the Oakland region.

Mrs. Jones expressed herself as

By order of the City Council a pair of flats and warehouse in rear, known as 1344 D. 12th st., east of 13th ave., East Oakland. Sale will take place on the premises Saturday, January 4, at 10 a. m., sharp. Terms 25 per cent on the fall of the hammer.

J. A. WINRO & CO. Auctioneers.

One of the chief guests of honor was Mrs. Frank C. Havens, who is credited with starting the suffrage movement in Alameda county 15 years ago, when she entertained Susan B. Anthony, Ida Harper, Mary Fay and Anna Shaw at the Havens home in Piedmont.

Mrs. Havens was publicly thanked

ALAMEDA

MANY SEEK AID OF ALAMEDA POLICE

**Alleged Trespasser, Insulter of
Girls and Others Keep
Officers Busy.**

ALAMEDA, Jan. 3. — F. D. Bradley appeared at police headquarters this morning to make complaint against William J. Schroefer, 1200 Versaille avenue, who drove over the Bradley lawn and side walk at 1200 Versaille avenue. A warrant was issued for Bradley as Moore, who also appeared at the police station, stated that the Oakland Traction Graders had the street blocked the only way to the Bradley home was over Bradley's property. He was cautioned against trespassing again and allowed to go.

Mrs. Arthur Brown of 1503 Dayton avenue, a well known Alameda social leader, reported to the police last night that a small-sized elderly man, was from the habit of accosting young girls on Park street. The police are now looking for the man.

He is described as under sized, with receding hair and shabbily dressed.

Minella of 2509 Clement avenue reported the theft of six bottles of milk from her home. The bottles were stolen had occurred on several previous occasions.

Gerald Gomas, a young boy living at 2400 Alameda street, was a night watch Christmas whistle with which he was giving excellent imitations of a police whistle call when he was rounded up by the officers of the Alameda station. Schroefer took the whistle away from the boy. The whistling caused the officers to think Leon T. Adam was playing a whistle blower was enjoying life with his toy.

At the meeting of January 23, a large class of candidates will be initiated into

bers has been most successful, as evidenced by the number of applications being received since the charter was reopened by special dispensation of the grand jurie.

J. R. KEENE, NOTED HORSEMAN, DIES

Famous Financier Was Leading Figure in Early Days in California.

NEW YORK, Jan. 3.—James R. Keene, famous Wall-street plunger and sportsman, died at 2 15 o'clock this morning, after an operation performed yesterday in a last desperate attempt to save his life. Keene had been suffering from stomach trouble for years. Two weeks ago his condition grew grave and he had been sinking steadily.

For a year Keene had not been able to go to Wall street. Several days ago it became necessary to remove him from the Waldorf-Astoria to a private hospital, and there he died. His son, Foxhall Keene, noted as a polo player, was at his bedside.

BORN IN ENGLAND. James Robert Keene, one-time owner of the most famous string of race horses, in the United States and the most spectacular speculator on the New York Stock Exchange, was born in London, England, in 1838. Here he attended Lincolnshire private schools until he was 14 years of age, when his parents migrated to California and settled in Shasta county in 1852.

Mr. Keene's first job came soon after the family's settlement in the West. He was given a position as the guard of animal pests at Fort Reading, Cal. Young Keene saved his wages for a few months and then he bought a miner's outfit and prospecting for gold. He met with indifferent success, however, and after engaging in stock raising and freighting for a while, he became editor of a country newspaper.

CAREER IN THE WEST. Keene's career in the San Francisco Stock Exchange was meteoric. He made friends rapidly and in a short time had accumulated \$6,000,000, chiefly through speculation in the securities of the Bonanza mines of the Comstock Company.

While in California Keene's most notable achievement was the saving of the Bank of California. This institution, the greatest of its kind in the West, became involved in serious business difficulties. It seemed that it would have retarded the development of California for years. Largely through Keene's influence in the stock exchange that body contributed \$500,000, while Keene himself contributed one of the four contributors of a million in cash to the guarantee fund of \$8,000,000 that saved the bank.

It was, perhaps, as a horseman that the financier was best known to the public at large. In 1895 to 1898 his colors each year headed the list of winning owners by a wide margin, while his Castleton stud, in addition to furnishing practically all of his horses in training, sent many another famous race horse to the track.

WON \$400,000 IN YEAR. It was in 1907 that the Keene stable reached the zenith of its success. Keene's total winnings during that year were said to have reached the princely sum of \$400,000—a world's record. All of the other years ran well into six figures, with the solitary exception of 1909, when the purses had been greatly reduced because of the adverse legislation in New York state.

Five times Keene's colors were first in the Futurity and five times did the Brooklyn handicap go to a Keene horse. Besides these notable victories his colors were victorious in most of the other racing fixtures in and about the tracks of New York.

His famous racing stable was headed by the great Sysonby and numbered such other notable race horses as Domino, Conroy, Hornpipe, Delhi, Superman, Celt, Maskette and Sweep.

ASK FOR MILLION CENTS FOR PAYMENT OF FINES. BOISE, Idaho, Jan. 3.—One million people will be asked to give one cent to pay \$500 fines imposed yesterday upon R. S. Sheridan and C. O. Broxon, publisher and managing editor of the Capital News, who in addition to their fines are serving 10-day sentences in the county jail.

The movement was started by Representative Dow Dunning of Owyhee county, who contributed the first penny and expressed the opinion that there were one million men and women in the United States who would follow his example and make penny contributions for the "cause of freedom."

Sheridan and Broxon, together with A. R. Gruen, were punished by the Idaho Supreme Court for contempt for publishing the criticism of Colonel Roosevelt of the court's decision preventing the placing of Progressive presidential electors' names on the ballot.

ECZEMA WOULD ITCH AND BURN. Came Out in Watery Pimples. Would Have to Walk Floor. Could Not Put Hands in Water. Cuticura Soap and Ointment Cured.

Box 7, Gowan, Minn.—"My eczema came out in watery pimples, a kind of a rash, and looked like the worst you can see. I would scratch it, and then Oh! how it would itch and burn! My hands were so bad that I could not do anything about the house. I could not wash my face or comb my hair at times. It was on the inside of my hands and feet. My trouble began with having my hands in water too much. My hands would itch and burn so I would have to walk the floor and when I would do that my feet would bleed. As for putting my hands in water, I would get so red and my hands would bleed and my feet the same. I was not able to wear my shoes for three months."

"I tried different kinds of remedies but they did no good. By using Cuticura Soap and Ointment I was cured in four weeks and have been using Cuticura Soap and Ointment ever since. (Signed) Miss Ada Erickson, May 9, 1912."

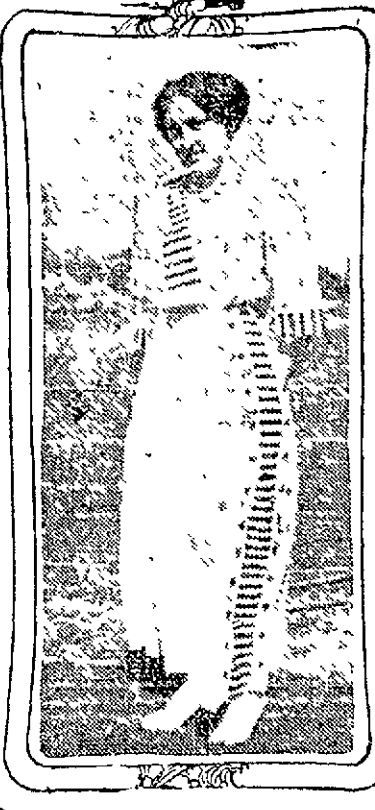

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these corrected conditions in most cases when all else fails. Cuticura Soap (U.S.A.) and Cuticura Ointment (U.S.A.) are sold everywhere with 25¢ boxes. Address post-card to "Cuticura, Dept. T, Boston."

Send for free booklet "How to Use Cuticura Soap and Ointment." 25¢. Sample free.

POPULAR LOCAL COUPLE TO WED IN NEAR FUTURE

MISS ETHEL COATES.

The engagement of Miss Ethel Leona Coates to John Smith has recently been announced, and the wedding will take place in the near future. Miss Coates is the charming daughter of Mr. and Mrs. J. C. Martin of 2021 Telegraph avenue, and Smith is one of Oakland's popular young business men.

Many congratulations will be made for the coming wedding, and the young couple will probably make their home in this city.

TAVARES' SLAYER WILL BE SOUGHT

Startling Testimony Given by Eyewitness to the Tragedy.

Startling testimony as to the circumstances by which A. Tavares, a rancher, living near Hayward, met his death on East Fourteenth street, in San Leandro, last Tuesday evening, is expected to be given by Tony Lewis, an eyewitness to the tragedy, when the inquest over the remains is held at the county infirmary, next Monday afternoon.

After two days' investigation of the case, Deputy Sheriff Joe Slocum succeeded in locating Lewis, and obtained a statement from him to the effect that he had been nearby when Tavares, who was walking along the street with his little granddaughter, was run down by one of three automobiles, when he became confused in their passing. The child is said to have been thrown to the side of the street without sustaining serious injury.

According to Lewis, Chauffeur E. C. Bridgeman, who picked up the victim and removed him to the county infirmary, was apparently not responsible for the accident. Bridgeman told Dr. C. A. Willis, who examined the body at the infirmary, that he had been driving along and did not see the body until after his machine had passed over it. He said that he went back to see what had caused his machine to bump and found the man lying on the street. He then hurried him to the infirmary. The trip would ordinarily have taken but a few minutes. Dr. Willis was of the opinion that Tavares had been dead for half an hour when he saw the remains.

Tavares apparently had met death instantly, as his back, arms and legs were broken from a terrific impact. The remains have been removed to his late home.

Sheriff Barnett believes that whoever ran down Tavares could not but have known that the man was seriously injured, if not killed. If Bridgeman is vindicated of being responsible for the man's death, it remains to be discovered the identity of the other autoists whom Lewis declares passed at the time.

The death of Tavares is the second fatality of a somewhat similar nature that has occurred within the last few months.

Archibald J. Stevenson, a wealthy cattleman of Newman, collided with A. Pimental, who was riding a motorcycle in the vicinity of the Twelfth-street dam. It was claimed by witnesses that Stevenson was driving at a rapid speed on the wrong side of the street and that he was intoxicated at the time. The case comes up for preliminary hearing in the police court on January 8, after several continuances.

DE VINE DIVORCES CONVICTED WIFE. Forger of Mary L. Swain's Will Freed of Marital Bonds.

Mrs. Harriet Lorraine DeVine, who is serving a ten-year sentence in San Quentin prison for forging a will of the late Mary L. Swain of Berkeley, was divorced today by her husband, Robert G. DeVine on the grounds of her statutory offense and sentence. An interlocutory judgment was entered today by Superior Judge Wente as the result of a suit filed several months ago.

Divorce proceedings marked a sequel to the most sensational felony case that has developed in Alameda county for many years. The case was surrounded with suspicions of foul play on the part of the defendant in connection with the death of James P. Barbee, a real estate man with whom she had had dealings also the death of Mrs. Swain, both of whom had died from stomach trouble.

Mrs. DeVine was sentenced by Superior Judge Ellsworth on February 12 last she pleaded guilty to having forged the will which was offered for probate by Justice Robert H. Barbee of Berkeley, to whom Mrs. DeVine was believed to be connected. Later Judge Ellsworth withdrew from the case when he became suspicious of the will and the offer of probate by Justice Barbee.

Mrs. DeVine was believed to be connected with the case when she was offered for probate by Justice Barbee. A handwriting expert to examine the signature.

The will had been forged in its entirety.

GRAND ARMY WILL INSTALL OFFICERS

To Hold Combined Ceremony With Women's Relief Corps of City.

The various Grand Army posts and Women's Relief corps of the city will hold their installation ceremonies tomorrow evening at Lincoln Hall. The officers of Appomattox Post will be installed by Captain W. R. Thomas, department commander of the Department of California and Nevada, who was for many years the commander of the post.

Assistant Adjutant-General R. G. O'Brien will act as officer of the day. The officers of Appomattox Women's Relief Corps will be installed by Mrs. Sarah Powell, past president of the organization. Past Commander Frank W. Cushing will install the officers of Admiral D. D. Porter Post and Mrs. Myrtle Hunt, department president of the Ladies of the Grand Army, will install the officers of the John B. Wyman Circle of the organization. Appomattox Post and Corps will hold joint installation ceremonies in Lincoln Hall No. 1, while the Admiral D. D. Porter Post and Colonel John B. Wyman Circle of the Ladies of the Grand Army will hold like ceremonies in hall No. 2. Elaborate programs of music will be a feature of the evening, and at the conclusion of the exercises there will be a banquet at which the prominent officers present will give toasts. Department Commander W. R. Thomas went to San Francisco tonight to install the officers of Lincoln Post.

BIDS RECEIVED FOR NEW BOAT LANDING

Elaborate Feature of the New Park System to Be Inaugurated.

Bids were received from three firms by the board of park directors yesterday afternoon for an ornamental boat landing at the end of the northeast arm of Lake Merritt. Sorenson Bros. of Oakland and the Jones-Samson Company of San Francisco bid \$17,500 each, while Schneider, Hottel & Pedgett bid \$23,152. The contract was awarded to Sorenson Bros., the local firm.

The new boat landing will be an added feature to the city's already large park system. The plans for the structure were prepared by Walter D. Reed, consulting architect of the board of park commissioners. A fountain will be constructed in the center of the landing. To each side of this fountain pergolas will be erected. The entire structure will be built in a semi-circle, to follow the curve of the lake shore. The city council will take the necessary steps to order that Cove avenue be made to follow the general direction of the lake shore, that an adequate approach may be provided to the landing. The new landing will be opposite Lake Shore Park.

The directors today adopted plans for a pumping station to be erected in Mosswood Park. This plant will cost about \$3000.

COUNCIL VACANCY TO REMAIN OPEN

ALAMEDA, Jan. 3.—Mayor W. H. Noy will probably allow the council vacancy in the first ward of this city to go unfilled until the voters decide next April who is entitled to the place. The mayor says that he can see no pressing reason for appointing a councilman to serve three months. He adds that should such necessity arise he will act but that he remains to be convinced that he should act immediately in filling the place. The mayor points out that all bond matters and other special municipal undertakings carried out last year are now completed as far as council procedure goes. No new projects are to come up at once and he argues that the routine business of the city during the early part of the year can be handled as safely by a council of eight members as by nine.

ALAMEDA SCHOOLS TO OPEN MONDAY

ALAMEDA, Jan. 3.—The Alameda schools will open Monday after a two weeks' holiday vacation. There will be but one change in the teaching staff, Miss Audelia Hansen, supervisor of music having resigned at the close of last term to become the bride of Captain Hopgood of the United States medical corps. Miss Hansen's successor has not yet been selected. A temporary room has been provided at Everett school to accommodate a new fifth grade class. The board will not meet until Tuesday night.

Principal George C. Thompson is now conferring daily with high school freshmen in order to facilitate the entrance of the freshmen into the high school. Monday Notre Dame convent school and the Glenn-Taylor school will also open Monday.

JEWELRY IS STOLEN.
ALAMEDA, Jan. 3.—The home of Mr. and Mrs. Frank Graham, 2128 San Antonio avenue was entered by a burglar yesterday afternoon while Mrs. Graham was out of the house. The thief secured an entrance through a rear window and effected a successful exit. A screen porch effectually hid the operations of the house breaker while forcing an entrance to the house. The thief secured a watch and three rings. One of the rings was diamond set, one had an emerald set and the third ring was a plain gold band.

Toys Free With Boys' Suits and Overcoats

'CASCARETS' BEST FOR THE BOWELS

GLAVIS SUE FOR RECOVERY OF COIN

TO BUILD 16TH ST. DEPOT HOTEL

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

Money Claimed Is Alleged to Have Been Paid Him for Uncle Sam.

First Large Hostelry at New S. P. Station Will Cost \$40,000.

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

—Advertisement—

SAN FRANCISCO, Jan. 3.—Louis R. Glavis, former Special Agent of the United States Land Office and recently on the State Conservation Commission, was sued, together with his bondsmen, by the United States Government yesterday for the recovery of \$322.83, alleged to have been received by him for the government while he was special agent and disbursing officer. It is alleged in the complaint filed in the United States District Court by Assistant United States District Attorney Thomas H. Seavage, that Glavis and his bondsmen have been notified to return the money, but that they have refused to do so.

The defendants in the suit with Glavis are the Bankers' Surety Company of Cleveland and the Maryland Casualty Company of Baltimore. When Glavis was appointed special agent and disbursing agent of the Land Office by the Secretary of the Interior, the surety companies went on his bonds for \$12,000; that is, the Bankers' Surety Company went on his bond and the Maryland Casualty Company guaranteed the bond of the Cleveland institution, as alleged in the complaint.

The money demanded by the government is alleged to have been withheld by Glavis between December 18, 1907, and January 31, 1912. It is further alleged that on August 25, 1912, a demand was made for the return of the money and that the demand was not complied with.

Assistant United States District Attorney Seavage will have charge of the case.

An entirely new field of real estate activity is indicated by the announcement today that a \$40,000 hotel will be erected at once on a site directly opposite the sixteenth street depot plaza. The tract that has been leased is owned by Joseph B. Coryell, a San Francisco capitalist, and has been taken for ten years by W. R. Brackett and George J. Croll at a total rental of \$60,000. The hotel will occupy a frontage 115 feet on Wood street and 50 feet on Sixteenth street. It will be of Mission style, two stories in height and constructed on concrete. In addition to the hotel lobby, the ground floor will contain a first-class restaurant, a barber shop and cafe. These stores have already been sub-leased and the contract for the construction of the building let to Charles W. Gompertz. The architect is Herbert B. Maggo. Charles F. Fugh, of the firm of McHenry & Kaiser, represented both parties in the transaction.

Real estate men generally have professed surprise that a hotel has not been built at the depot before this. The new station is sufficiently attractive to improve values throughout the neighborhood and raise the tone of surrounding improvements.

The establishment of a modern hotel there should pave the way for further activity in that district.

RIENECKER MAINTAINS POLICY OF SILENCE

ALAMEDA, Jan. 3. — Nicholas H. Rienecker is still held in detention in the San Francisco prison while officers are looking up different matters which may have a bearing in his case. Lewis, who was arrested with Rienecker, is also still in custody.

Neither man has been booked as yet and the police are still searching for the third man believed to be implicated with the two suspects in several San Francisco robberies.

Rienecker, beyond his first brief statement that he was given a kit of burglar tools to dispose of by acquaintance and was paid \$20 for the job, has not made any further statement. He is still considering the matter of an attorney.

A good way to put a stop to dueling in France would be to compel the combatants to use lead bullets.

MRS. TROUTMAN IS HOSTESS AT ITALIAN DINNER

MRS. E. TROUTMAN.

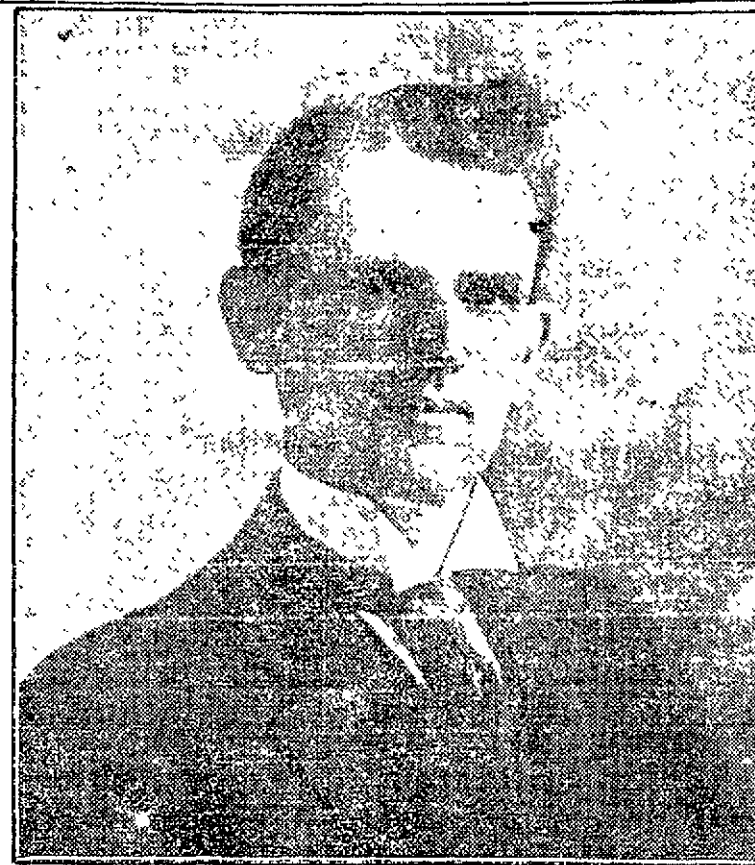

ELMHURST, Jan. 3.—Friends and acquaintances of Mrs. E. Troutman, daughter of Mr. and Mrs. E. Moline of Elmhurst, were entertained at one of the most elaborate banquets held in Fruitvale during the present season. The event was arranged in real Italian style, in honor of the many friends of the hostess, who, prior to her marriage, was considered a favorite among the Italian colony of Alameda county. Tony Mazzotte acted as toastmaster, and to the call for remarks the following responded: Frank Mitchell, W. J. Harvey, John Maliet, Miss L. Merline, Mrs. Cora Mazzotte, Miss Della Kline, Mrs. May Cloverling, J. Trachma, W. J. Harvey and Miss Della Kline sang for the guests. After dinner the guests repaired to the parlor, where dancing was enjoyed.

FRICK HEAD OF STATE TEACHERS

SAN FRANCISCO, Jan. 3.—Two slight disturbances started at the second annual meeting of the California Teachers' Association, in session here. The first was the proposed naming of Miss Agnes Regan, principal of the Bernal school, to take the place of George W. Frick of Oakland as president. Frick was elected, receiving 142 out of the 172 votes cast.

The speech of Superintendent L. W. Babcock of Mendocino further took the institute by its ears. He stated that the old unmarried teacher should be side-tracked, as well as the married childless pedagogue, because of the fact that they could not help being out of sympathy with children in the very nature of the circumstances. Babcock was not applauded for his remarks, but they were the subject of much discussion for the rest of the afternoon.

The other officers of the association who were elected were: C. W. Mark and C. L. Bledenhach, elected members of the board of directors without opposition; E. M. Cox, F. X. Bartel, J. W. Lincoln, elected to the California Council of Education, as representatives of the bay section for the three-year term, and A. B. Anderson, elected to the same body for the one-year term.

TELL STORY OF TERRIBLE HOURS DURING WRECK

SANTA BARBARA, Jan. 3. — Telling a story of great suffering and danger, Captain Dan Bethune and Mate Fisher of the power vessel Nellie, of San Pedro, which was dashed to pieces on the rocks on the east end of Santa Cruz island, were brought here yesterday by a party of fishermen who rescued them.

Captain Bethune told of having encountered a southeast gale on New Year's eve which drove their small craft upon the rocks. When the vessel struck, they

jumped overboard and battled with heavy seas until they reached shore.

Exhausted they fell upon the sands, where they remained all night. They passed New Year's day in watching and

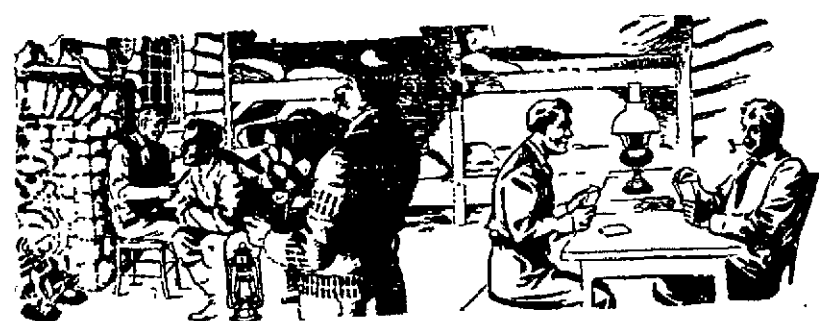

signaling for help. The fishermen who rescued them put out from Santa Barbara yesterday morning and passed near enough to Santa Cruz island, twenty miles across the channel, to send signals of distress.
